

FRESH GERMAN PLOTS ARE REVEALED

600 LIVES IMPERILED DURING RIOT IN THEATER

Rowdies Resist Arrest in San Leandro Show; Women Hurt; Pandemonium Reigns

HUGE CROWD BATTLES IN MAD RUSH TO GAIN EXIT

Fight Rages for 15 Minutes in Midst of Screams and Terror; Many Are Victims

SAN LEANDRO, May 29.—Over a dozen women are under medical care here today suffering from shock and bruises as the result of being thrown down and trampled upon in a panic among 600 persons which ensued upon a cry of "fire" during a struggle between deputy marshals and two drunken men in a moving picture theater here last night. Mrs. Maria Dias of Orchard avenue, was one of those whose lives were endangered when she was trampled underfoot. Several women who fainted, including Watsonville visitors at the home of Manuel Augusta on Martinez avenue, were treated by Dr. George Coleman and were removed home.

For fifteen minutes while a posse of deputies under Marshal Joseph Peralta strove to restore order, panic-stricken persons were trampled and trampled each other as they stampeded toward the exits. Women fell in the struggle and were rescued with the greatest difficulty. The panic was made all the more alarming by the uproar caused by the two men, who were being placed under arrest for rowdiness in the theater, and who attacked Peralta and his deputies with clubs. When order was finally restored after being trampled underfoot, appeared to be the worst sufferer, but was later revived.

ARREST STARTS PANIC

The panic occurred when Marshal Peralta, Night Watchman Manuel Valencia and deputy marshals entered the theater in response to a call from Manager A. D. Alverson to arrest Henry Ends of Hayward and Manuel Teres, an employee of a San Lorenzo powder works, who were causing a disturbance. The two resisted when an attempt was made to arrest them, and during a fight with the officers someone raised the cry of "fire." In an instant the audience, with the exception of a few, rose in a panic and ran for the doors in a body, with the result that a serious jam resulted. For a time it was apparent that the women and children in the struggling crowd would be seriously injured, but order was restored in time to prevent this.

MEN ATTEMPT TO ESCAPE

When Ends and Teres were brought out of the theater they renewed the fight and one of them was prevented from seriously injuring Night Watchman Valencia with a heavy wooden stake, which he picked up from the road, by Deputy Sheriff Joseph Saunders, who jumped upon his back. Later the two thuglike escaped from the local jail. They were released from one of the bunks in the jail and using it as a wedge, succeeded in bursting open the jail door when Deputy Marshal Frank Scott caught them in the act.

An effort is being made to find the person who raised the cry of "fire."

REMAINS ARRIVE

PITTSBURGH, Pa., May 29.—The body of George W. Guthrie, former mayor of Pittsburgh and former ambassador to Japan, who died recently in Tokyo, arrived in Pittsburgh on a special train from San Francisco today. Japanese Ambassador Sato will come from Washington to attend the funeral services on Thursday.

SHIP MEN STRIKE

NEWPORT NEWS, Va., May 29.—About 400 union machinists at the Newport News Shipbuilding and Drydock Company's yard struck today for an increase in wages. Two battleships, two destroyers and six destroyers have been allotted to the yard as part of the new naval building program.

OFFICIAL NAMED

WASHINGTON, May 29.—Charles Emmett Yeater of Missouri was today nominated to be vice-governor of the Philippine Islands.

Thomas A. Street of Alabama and George A. Malcolm of Michigan were today nominated to be Associate Justices of the Supreme Court of the Philippine Islands.

REACH AMERICA

AN AMERICAN PORT, May 29.—Five French and two British warships reached this country today. With them came Sir Ernest Rutherford and Commander Bridges of the British navy.

SOLDIERS CALLED UPON TO QUELL LABOR STRIKES

BUENOS AIRES, May 28.—A general strike throughout Uruguay was proclaimed today by the Federation of Labor. Despatches from Montevideo gave hint of the government's fear of trouble in announcing that soldiers of the regular army had replaced all police. No newspapers were published throughout the republic today.

BY INTERNATIONAL NEWS SERVICE. LEASED WIRE TO TRIBUNE.

MONTVIDEO, May 29.—Violent rioting has broken out here as a result of the serious labor situation. Three regiments of cavalry have been sent into the city to quell disorders. All the cab and street railway services have been suspended and no newspapers were published today.

Diver Cruiser Sinks U.S. Ship Crew Robbed

BY INTERNATIONAL NEWS SERVICE. LEASED WIRE TO TRIBUNE.

WASHINGTON, May 29.—Seventy-four Americans are held prisoners of war in Germany. The men were all taken from merchant ships sunk by German war vessels. The state department made public the names and addresses of the war prisoners late this afternoon.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

NEW YORK, May 29.—The American schooner Margaret B. Rous, which left St. Andrew's, Scotland, February 4, with lumber for Genoa, was sunk by a submarine April 27 near the French-Italian coast and the crew, including the captain, was captured by the Germans. According to Captain Fred L. Foot, master of the schooner, who arrived today from France, the schooner was carrying 1,000 tons of lumber. The Germans stripped the vessel of foodstuffs, navigational instruments and even the extra clothing and blankets. They were picked up by a patrol boat. The schooner was sunk by bombs.

The French line steamship Meuse, 4,075 tons, was sunk by a submarine Thursday, according to word received today. The Meuse left New York May 2 for Havre with a war cargo.

CHRISTIANSTAD, Norway, May 29.—The Norwegian steamer Norway, 1,477 tons, was sunk by gunfire Saturday. The crew was rescued.

LONDON, May 29.—A Reuter's despatch from an unnamed port says that all hope has been abandoned of the rescue of the missing from the sunken Spanish liner C. de Elzaguire. The vessel, which carried twelve women and five small children.

LONDON, May 29.—The British hospital ship, Dover Castle, has been torpedoed and sunk, it is announced officially. The British armed merchant cruiser Hilary also has been torpedoed and sunk and a British destroyer has been sunk after a collision.

CORUNNA, Spain, May 29.—The Norwegian ship Unia, 3,000 tons, was sunk yesterday with bombs by a German submarine. The captain and crew of 24 have been rescued.

H.C.L. STRIKE ISSUE

ROME, Arts, May 29.—Cases of Italian in Jerome and of the principal problems standing in the way of an amicable settlement of the mining strike here was under discussion this afternoon by representatives of the Department of Labor, War Department, the State and United Verde mines.

Governor Campbell, John J. McBride of the Department of Labor, Lieutenant Colonel in charge of the Department of Labor, Charles W. Clark, and James S. Douglas, president of the United Verde Extension Company, were in conference.

Owing to impassioned pleas of labor leaders, the situation at the strikers at Clarkdale and here is quiet. A drizzling rain dampened the ardor of the strikers.

HEARING OPENED

NEW YORK, May 29.—A hearing of the utmost importance to shippers opened here today when Examiner La Roe of the Interstate Commerce Commission heard evidence bearing on the proposed reduction in free time at railroad terminals upon carload freight designed for lighterage delivery.

Under the present rule such freight is held in warehouses at terminals for five days gratis. The proposed rule would cut this period to two days. Members of the Merchants' Association, interested in the reduction, testified.

KING IS VISITOR

LONDON, May 29.—King George V. visited the American Women's Hospital for the Disabled Officers this afternoon spending two hours chatting with the convalescents. The king found many officers with whom he was acquainted. Both their majesties expressed their gratification over the splendid facilities in the hospital.

PIATROV KILLED

PIATROGRAD, May 29.—Battling against three powerful battle planes, a Russian aviator and observer were killed near Pokshani, Rumania, yesterday, says an official statement issued in the war office today. There was no fighting of importance on the western and Rumanian fronts, the statement added.

ORMEDALE WINS

BELMONT PARK, N. Y., May 29.—R. T. Wilson's Ormedale won the metropolitan handicap today. Time, 1:39 1-5.

MACMILLAN EXPEDITION SAFE IN ETAH

Explorer With Other Members of Crockerland Party Reach Northwest Greenland Coast

Word Comes From Out of Far North From Arctic Mission Which Left New York in 1913

NEW YORK, May 29.—All members of the MacMillan Crockerland expedition are safe and well; none died during their forty-year isolation in the frozen north, and two of the explorers are already en route to civilization, after a 1,500-mile dog sledge trip across an icy desert.

This was revealed today in a cablegram to the American Museum of Natural History which backed the enterprise.

Etah, where most of the party remains, is the northern-most headquarters of the expedition. The steamer Danmark, reported at North Star Bay, is 150 miles south of Etah, but within easy sledging distance. The Danmark was the last relief ship dispatched to aid the lost explorers. It carried a year's provisions, which have probably been sledged to Etah, thus relieving the hunger of the men who have just emerged from the long Arctic night.

The cablegram announcing the whereabouts of the party, last heard from in July, 1916, was signed by Dr. H. J. Hunt, surgeon of the expedition, who has reached the Farø Islands on his way to Denmark. It follows:

"MacMillan, Comer, Small and Hovey are at Etah. Steamer Danmark (the second relief ship sent after the MacMillan expedition) is at North Star Bay (150 miles from Etah). Ekblow, scientist at Godhavn."

The expedition headed by MacMillan sailed from New York on the steamer Danmark, July 2, 1913. After the greatest hardships, during which some members perished and others were sent out in search of relief, several attempts were made to rescue the remaining party.

LAND BELIEVED TO BE MIRAGE. Existence of Crockerland, which Admiral Peary said he saw in the distance while on one of his dashes to the north in 1906, will probably be decided by complete report of the now rescued explorers. On his return Peary described seeing what he thought was land from point in the icy fastnesses of the north. In July, 1913, the American Museum of Natural History organized an expedition under MacMillan to search for and explore the land.

Two years later MacMillan reported to a civilized port that no trace of the supposed land could be found. MacMillan thought he saw the vanished land on two days, but he attributed Peary's report and his own impressions as being due to a mirage.

PERSONNEL OF PARTY.

In the original party were MacMillan, Professor Maurice Tanquary of the Kansas State Agricultural College, Ensign Fitzhugh Green, Harriett J. Hunt, W. Einar Ekblow, J. C. Small, and Jerome Lee. Two years later Hovey joined the expedition.

The Danmark was wrecked on the coast of Labrador on July 17, 1913. Transferring the Erik, the trip was continued until the ship was frozen in. The Erik was sent from New York as a relief ship in December, 1915, and picked up the party. The Erik later became jammed in the Arctic.

Professor Tanquary left the party on a sled and after a trip via Copenhagen reached New York June 20, 1916. Ensign Green also left the party and got to civilization.

Drinks Switched

SAN FRANCISCO, May 29.—Warning was issued by the United States marshal today that persons violating the law which forbids the selling or serving of liquor to uniformed sailors or officers would be punished to the limit of the law. It has been discovered that in cafes there has been many subterfuges. One illustration given was that a soldier and a woman companion had been invariably order drinks, the soldier choosing a soft concoction and his companion an alcoholic beverage. When the waiter's back was turned the glasses would be simply exchanged. The government contemplates punishing the woman in such a case and the owner of the place where the violations occur.

MISS McNAB JOINS

SAN FRANCISCO, May 29.—Christine McNab, prominent in society on both sides of the bay, daughter of the late millionaire drayman, James McNab, and niece of Gavin McNab, has purchased her own equipment and will drive a motor ambulance for the Red Cross on the French battlefield. News of her intention became public today when she applied to the United States District Court for a passport. She has previously received her permit as an ambulance driver and hopes to sail from an American port the middle of June.

WOMEN TO SERVE

SACRAMENTO, May 29.—Provision for women to serve on juries is made in a bill by Senator Frank Benson, signed today by Governor Stephens. The measure changes the law, which previously defined trial juries, grand juries and inquest juries as "a body of men to reach a body of persons" or "citizens," so that juries may be drawn from either sex.

An act providing for the enlargement of the California Redwood park also was signed by the governor.

INCREASE IN TARIFF CUT FROM BILL

Levy of \$200,000,000 Dropped from War Bill; Excise On Sugar, Tea Substituted

Government Expenditures for Fiscal Year Reach Grand Total of Over \$1,600,000,000

WASHINGTON, May 29.—Another fundamental change in the war tax bill was agreed upon unanimously today by the Senate finance committee, which decided to strike out the whole section levying \$200,000,000 by a general tariff increase of 10 per cent on an ad valorem basis. As a substitute the committee proposes direct excise, or consumption taxes, on sugar, tea, coffee and cocoa.

The elimination of the tariff section constitutes the largest single slash yet made in the revision of the House bill.

The finance committee decided to cut down the tax on syrups used in soft drinks by recommending a specific tax a gallon instead of a tax per cent ad valorem manufacturers' tax.

It was decided to reduce the tax on grape juice and carbonated waters from 2 cents to 1 cent a gallon.

EXCESS EXPENDITURE.

The government's expenditures for the fiscal year far exceeded \$1,600,000,000 today, more than \$900,000,000 in excess of last year's expenditures up to the present date and a new high record in American history.

The chief item of the increase—\$507,000,000—was the purchase of the obligations of foreign governments in exchange for loans to the allies. An increase of approximately \$245,000,000 in the ordinary disbursements of the government was also recorded.

Army and navy needs also are recorded and another item going to swell the grand total of expenditures was the payment of \$25,000,000 for purchase of the Danish West Indies.

Ordinary receipts also show an increase over last year, the total to date being \$181,000,000. The chief item of increase is the income tax, payment so far this year having reached the total of \$155,000,000, as compared with \$28,000,000 last year. Income tax receipts are flowing into the treasury at the rate of nearly \$4,500,000 a day. They have reached a total of nearly \$100,000,000 this month, as compared with less than \$5,000,000 last May.

Customs duties show an increase of approximately \$15,000,000 for the year and internal revenue taxes on whiskey, beer and tobacco have increased approximately \$45,000,000, which nearly \$50,000,000 was during May. Panama canal tolls increased from approximately \$2,500,000 last year to \$5,400,000 so far this year.

HALT FOOD HOARDING.

Immediate consideration of legislation to prevent undue storage of food by dealers was directed today by the Senate agriculture committee. It substituted the Lever food bill, passed yesterday by the House, providing for a food census and production stimulation, for a similar bill before the Senate, and added as an amendment the bill by Senator Poindestor of Washington to penalize storage of foodstuffs, feed and other necessities with intent to limit supplies or enhance prices.

House appropriations for various items were generally reduced, bringing the total of the bill from \$177,000,000 to about \$12,250,000.

DRINKS SWITCHED

SAN FRANCISCO, May 29.—Warning was issued by the United States marshal today that persons violating the law which forbids the selling or serving of liquor to uniformed sailors or officers would be punished to the limit of the law. It has been discovered that in cafes there has been many subterfuges. One illustration given was that a soldier and a woman companion had been invariably order drinks, the soldier choosing a soft concoction and his companion an alcoholic beverage. When the waiter's back was turned the glasses would be simply exchanged. The government contemplates punishing the woman in such a case and the owner of the place where the violations occur.

MISS McNAB JOINS

SAN FRANCISCO, May 29.—Christine McNab, prominent in society on both sides of the bay, daughter of the late millionaire drayman, James McNab, and niece of Gavin McNab, has purchased her own equipment and will drive a motor ambulance for the Red Cross on the French battlefield. News of her intention became public today when she applied to the United States District Court for a passport. She has previously received her permit as an ambulance driver and hopes to sail from an American port the middle of June.

WOMEN TO SERVE

SACRAMENTO, May 29.—Provision for women to serve on juries is made in a bill by Senator Frank Benson, signed today by Governor Stephens. The measure changes the law, which previously defined trial juries, grand juries and inquest juries as "a body of men to reach a body of persons" or "citizens," so that juries may be drawn from either sex.

An act providing for the enlargement of the California Redwood park also was signed by the governor.

Italians Closing in on Trieste Austrian Lines Driven Back French Win Ground at Verdun

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

An impending German offensive along the French and British front is indicated today by the intense aerial activity. The British report of last night emphasized this in its account of twelve German machines destroyed and ten others driven out of control, while today Paris announces the bringing down of seven German airplanes and the serious damage of twelve others.

The German infantry facing the British armies is apparently being held in check, but sharp attacks continue on the French lines, notably in the Champagne region. Two of these were launched last night in the Hurtel district, but were repulsed.

The French made a minor thrust on their own account in the Verdun region where the activity is becoming more marked of late on both sides. A small German post north of Vacheranville was captured in this operation.

Meanwhile on the Austro-Italian front, General Cadorna is steadily pushing back the Austrian lines upon Trieste.

By John H. Hearley, United Press Staff Correspondent.

ROME, May 29.—The southern wing of the Austrian line was being slowly turned today under the tremendous leverage of arms, exerted by the full force of the Italian army on the front of the Italian front. The Italian fighting line is within sight of the town's ruins.

Capture of Duino was momentarily expected. With this point in Italian possession, the line would be open along the coast itself for the advance on Trieste—a way which is comparatively flat as opposed to the towering crags and rock fastnesses to the north. In such an advance the guns from the British monitors in the gulf will be of great assistance.

The Italian troops are advancing over battlefields strewn with hundreds of dead Austrians. Any estimate of the number killed is impossible. According to Austrian prisoners, entire Austrian divisions have been completely wiped out.

Vast caverns and dugouts in which the Austrians stored arms, explosives and war materials, guns, mortars and thousands of rifles, are falling into the hands of the Italian troops daily.

The number of prisoners taken is also increasing rapidly. Hardly a day passes without Austrians in numbers being captured.

The Italian advance was concentrated on this salient today and fighting was continuing with great violence. On the remainder of the front the battle was mostly of Austrian counter-attacks, the enemy striving to relieve the pressure on the south by menace against the Italian hold elsewhere along the line.

FRENCH RETAIN HOLD.

PARIS, May 29.—Resumption of a violent artillery fire along a great part of the Champagne front, forecasting possibly a renewal of French offensive operations in that sector, was announced in today's official statement. The Germans heavily shelled French positions in the Hurtel region and launched two heavy attacks, but these were beaten off, with the French retaining their hold on all positions.

Around Verdun the war office said a small post north of Vacheranville had been carried.

Yesterday seven enemy aeroplanes were brought down destroyed, and two others were disabled and forced to alight.

BRITISH MAKE RAIDS.

LONDON, May 29.—Activity on the British front was confined to mutual artillery and scattered raiding, according to Field Marshal Haig's report.

Southwest of Lens and west of Messines, the British commander-in-chief reported driving off hostile raiders. In Ploegsteert wood he said British forces carried out successful raids.

The neighborhood of Bullecourt and on both banks of the Scarpe the enemy's artillery was active at night.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

ROME, May 29 (via London, 5:06 p. m.).—Italians in the Piava sector yesterday drove the Austro-Hungarian line back to the end of the valley east of Globova, says the official statement today. Since May 14, the statement adds, Austro-Hungarian prisoners taken on the Julian front number 23,881. The Italians also captured thirty-six guns, including thirteen of the heaviest calibre.

BERLIN, May 29 (via London, 4:10 p. m.).—A dispatch by a Russian and Rumanian troops is expected, today's official report says.

BY INTERNATIONAL NEWS SERVICE. LEASED WIRE TO TRIBUNE.

AMSTERDAM, May 29.—Emperor William recently paid a visit to the front, where he addressed the German troops, exhorting that they remain firm, says a despatch from Berlin, quoting the Cologne Gazette.

The Kaiser's address said: "The enemy, relying on his experience in the Somme battle together with an unprecedented supply of ammunition, has been trying to break through German resistance, but our people and our army stand firm. As long this will last depends upon God's will. We must keep firm while our comrades in the submarines cut off the source of the enemy's life."

Brazil Decree Construed as War on Kaiser

WASHINGTON, May 29.—Brazil's decision to revoke her decree of neutrality is construed here as little less than a declaration of a state of war with Germany. Brazil's action is believed to indicate a general breakdown of German propaganda all over the southern continent.

The move advances that Chile would endorse and perhaps join Brazil in the stand against Germany are taken as evidence of the growth of a freindlier spirit and a corresponding decline of German influence.

BY UNITED PRESS. LEASED WIRE TO TRIBUNE.

RIO DE JANEIRO, May 29.—After four days of filibustering the Brazilian congress today authorized President Braz to announce Brazil's revocation of neutrality as between the United States and Germany. The legislative body, however, refused to adopt a similar authorization with regard to neutrality announcements as between Germany and the European allies.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

RIO DE JANEIRO, May 29.—Seizure of German ships and adoption of naval measures against Germany in collaboration with the entente allies is recommended by the diplomatic commission of the Chamber of Deputies.

It is probable that the bill passed by the chamber on first reading yesterday for revocation of the neutrality decree in the war between Germany and the United States will be amended so as to provide for cancellation of the decree of neutrality in the war between the central empires and the European allies.

BOLD MOVE TO INVOLVE U.S. IN BRITAIN AND FRANCE

Secretary Lansing Tells How Germans Plotted to Embroil Nations in Steamship Deal

DARING ATTEMPT MADE TO RETARD ARMY DRAFT

Many Arrests Follow Efforts to Influence Resistance to Selective Registration Law

Evidence of a nation-wide conspiracy against registration for the selective draft, June 5, have reached the bay district in the form of handbills, printed by the "No-Conscription League, 20 East 125th st., New York."

Many copies of these handbills are in circulation. One is the possession of United States Attorney John W. Preston, who is conducting an investigation. The bill discloses by its propaganda that it is circulated by enemies of the government in the guise of conscientious objectors. It urges men not to register for the war against Germany if they do not believe in war.

Common sense will learn if German agents have been distributing the handbills here. The handbill headed "No Conscription," pictures a "conscientious objector," stripped to the waist, standing before a cannon. His shirt in shreds in his hands labeled "Conscription."

Attention of the state bureau of registration has been called to several proposed schemes to avoid registration. The state bureau is co-operating with local registration officials to prevent breaches of the draft act.

BY UNITED PRESS. LEASED WIRE TO TRIBUNE.

WASHINGTON, D. C., May 29.—A startling German plot was revealed before the House Interstate Commerce Committee today.

Secretary of State Lansing disclosed the fact that "Germans or German officials" attempted shortly before the war to bring about a compromise between the United States in difference with England and France through organization of a big steamship company that was deliberately to violate foreign trade with the enemy.

The plot is now being investigated by the Department of Justice upon authority of reliable government information, Lansing told the committee.

Secretary Lansing, Secretary of Commerce Redfield and Assistant Attorney General Warren, author of most of the war legislation, were today before the Interstate Commerce Committee in behalf of the Adamson trading with the enemy act introduced last year.

Lansing was questioned by a committee member regarding the real need for such an act.

LANSING TELLS OF PLOT.

"There was an attempt," Lansing said, "by Germans or German officials to bring about a compromise between the United States in difference with England or France."

A steamship company was organized with an American board of directors, to make trouble between the American declaration of war with Germany and the United States and England or France."

Lansing declared that before this country entered into the war, he had an agent here, or delegated one of her spies on American soil to organize the steamship company.

This agent he said, loaned American money to buy grain and place it aboard ships in order to raise some issue between this country and one of the allies over the question of seizure of American cargoes.

"There are many cases," Lansing continued, "doubtless inspired by Germany, while we were neutral, of organizations effected in this country for the sole purpose of creating friction with Great Britain or France."

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

WASHINGTON, May 29.—German influences to encourage resistance to army registration and the selective draft, uncovered in Texas by a federal grand jury investigation, already have resulted in eleven indictments. The indictments were returned by the department of justice apparently are not so closely linked with German influence, but are being investigated.

In the Texas case, according to an official announcement by the department of justice, an organization was formed some time ago ostensibly for the purpose of co-operative buying. Its members were required to take a secret oath, and soon after the act of the army draft law, the official announcement says, "a strong German influence succeeded in inducing the organization to turn its efforts to combatting conscription, and high-powered rifles were obtained to intimidate persons subject to registration and the officials who

(Continued on Page 2, Col. 2-3)

FARRAGUT JOINS

MOBILE, Ala., May 29.—The second descendant of Admiral Farragut of civil war fame to enlist in the navy in the last two weeks, enrolled as an apprentice. He is Lovell D. Farragut, aged 18, of Pascagoula, Miss., a great-grand nephew of the admiral, Wallace L. Farragut of West Point, Miss., a great grandson, also enlisted as an apprentice seaman.

SOCIALISTS IN FRANCE WILL JOIN SLAVS

BY ASSOCIATED PRESS
LEASD WIRE TO TRIBUNE

PARIS, May 29.—The decision of the French Socialist party to associate itself with the Russian Socialists who have called for a plenary conference of the international Socialist organization, has been communicated formally to the council of workers' and soldiers' deputies in Petrograd. A telegram was sent to the council today by M. Moutet and Cachin, the two Russian delegates who were sent to France to explain the Russian position.

Despatches reporting yesterday's meeting of the French Socialists said that the French party also had decided to send a delegation to Stockholm to take part in preliminary conferences.

BY INTERNATIONAL NEWS SERVICE
LEASD WIRE TO TRIBUNE

WASHINGTON, May 29.—"A crime against democracy" was the phrase used by Victor Berger today in a scathing denunciation of Secretary of State Lansing for his refusal to issue passports to the American delegates to the international Socialist peace conference in Stockholm.

"It is a grave mistake from more than one point of view and is absolutely without precedent in our country," Berger said.

"It is a crime against democracy and is absolutely without any precedent in our country," he continued. "The Logan law of 1900, cited by the state department, concerns only the dealings of private individuals with foreign governments and unless our secretary of state assumes the Social Democrats of Germany are the German government or are representatives of the German government, the Logan act has no bearing in this case."

BY UNITED PRESS
LEASD WIRE TO TRIBUNE

PETROGRAD, May 29.—The Lloyd George of Russia Minister of War Kerensky began today the supreme test of his own career and of new Russia. His new orders to the army, restoring discipline by authorization for punishment of offenders, including penal servitude for deserters, became effective in the orders of the day.

A popular idol throughout all Russia, Kerensky is staking all on his ability to lead Russia's army into fighting. If the new army backs him up, his supporters believe he will succeed in cementing Russia into a united force.

In the meantime scenes multiply that the peasants' initial indifference on division of the land had for a time threatened the internal safety of the government, are realizing more and more the necessity for unity of action. The peasants' congress in session today rejected almost unanimously a resolution demanding immediate publication of all treaties signed by the old regime in Russia and in emphatic terms voiced disapproval of fraternization of Russian troops with the enemy. And decisions not to press for publication of the "secret treaties" is in strong support of the government, which has maintained that such action should not be taken without consultation.

Kerensky is still at the front, exhorting the troops to fight, new orders issued by him were published here today. It pleaded for total abstinence from liquor in the army.

"Unless soldiers abstain from consumption of stores of liquor which they discover, new Russia will be merged in a pool of alcohol to the accompaniment of incendiarism and other outrages," Kerensky declared. "I demand that the use of alcohol by soldiers and officers be prevented."

MISSING CUP IS FOUND; WOMAN RESTORES TOKEN

The \$200 silver trophy cup, purchased for W. F. Dickinson, prominent member of the California State Pharmaceutical Association, which disappeared mysteriously on a ferry boat en route to this city from San Francisco last Friday evening, has been located through the story of the episode published in the Sunday morning TRIBUNE.

Mrs. A. Ross of 7331 Lockwood street, saw the messenger in whose custody the cup was being brought to Oakland, walk away with out his package. She picked it up and tried to overtaken him but lost sight of him in the ferry crowds. On the cup was Dickinson's name. Attempts to find him in the city directory failed, for Dickinson's residence is in Los Angeles.

Sunday morning in reading the TRIBUNE, she found an account of the lost cup, which was to have been presented to Dickinson by fellow members. In the story mention was made of W. Bruce Philip, a local druggist and new president of the Pharmaceutical Association. Mrs. Ross communicated with Philip and the latter went to her home today and recovered the missing gift.

A telegram was sent to Dickinson today at Los Angeles, informing him of the recovery of the cup.

Fresh German Plots Revealed Efforts to Retard Registration

(Continued From Page 1)

will be appointed to perform the registration."

In some Western cities there are evidences of an effort afoot to defeat the registration, but the department of justice, it was officially announced, is fully prepared to deal with the offenders under existing law and the new espionage bill now nearing completion in Congress, which imposes heavy penalties for such offenses.

CASES ARE ESTABLISHED.

Scattered over the country are sporadic efforts to interfere with registration, but officials here do not believe they are connected. The Texas case, in which the German influence is clearly established, and the arrest of two mountaineers in southwestern Virginia are the most conspicuous instances.

The two Virginians, William McCoy and J. W. Phillips, both well-known characters in the feud region, are in jail at Roanoke, and government agents say they have complete evidence to show they plotted organized resistance to the draft as well as a wholesale attack upon the landed people of the vicinity whose property they intended to divide between themselves.

As the day of registration draws near the department of justice and other agencies of the government are carefully watching for evidences of resistance to the law and are prepared to deal with them promptly.

"These arrests," said Attorney-General Gregory in an official statement referring to the proceedings against the country generally as a warning against interfering with the enforcement of the provisions of the new army law. The merely demonstrated proposals to do in every case where attempts are made to hinder or discourage registration."

A section of the espionage bill dealing with interference with army registration provides penalties of twenty years imprisonment and \$10,000 fine. This section of the bill says:

"Whoever, when the United States is at war, shall willfully make or convey false reports or false statements with intent to interfere with the operation or success of the military or naval forces of the United States, or to promote the success of its enemies, or to obstruct the recruiting or enlistment service of the United States, or to injure the service of the United States, shall be punished by a fine of not more than \$10,000 or imprisonment for not more than twenty years, or both."

FOUR LEADERS HELD.

BY INTERNATIONAL NEWS SERVICE
LEASD WIRE TO TRIBUNE

CHICAGO, May 29.—Department of Justice officials in Chicago today admitted they were holding three men and one woman as the leaders in a nation-wide plot to discourage army draft registration. It was also stated by federal operatives here that arrests had been made in the same connection in Kansas City, Detroit, St. Louis, Indianapolis, Cleveland, Toledo, Buffalo and New York City.

The woman held in Chicago, H. G. Clabaugh, chief of the federal bureau of investigation, stated, was the leading spirit in the anti-draft plot. Her name and the identity of the three men arrested in Chicago were carefully guarded by the local federal authorities, who hinted that before they would divulge the identity of the prisoners they would uncover large developments in the plot.

Under the direction of Chief Clabaugh federal agents today were tracing the moves made by their woman prisoner through Michigan, Wisconsin, Indiana, Ohio, Illinois and Iowa. Another woman, they admitted, was involved in the activities of the plotters here, but it was not stated whether she had been taken into custody.

SEATTLE MAN ACCUSED.

SEATTLE, May 29.—Ruelett M. Wells, former president of the Seattle labor temple, twice candidate for mayor here and a prominent Socialist, is charged by federal authorities today as being the ring leader of men advocating resistance to army registration. Wells was arrested yesterday afternoon after federal officials had investigated his offer of bail money for Aaron Esterman, held in jail on an open charge.

Sam Sadler, for several years Washington member on the committee of the national Socialist party and formerly head of the longshoremen's union here, was also taken into custody on the same charge.

Wells was released from custody on \$5000 bail late yesterday, following a preliminary hearing before United States Commissioner McClelland. Further hearings before Commissioner McClelland are being held today.

Charges grow out of the painting of signs and passing of stickers reading "Resist conscription."

KANSAS CITY, Mo., May 29.—A special federal grand jury to meet June 6 was called here today to investigate the cases of persons who were advocating non-compliance with the draft army registration law.

TRY TO DISABLE SHIP.

PORT TOWNSEND, Wash., May 29.—Two members of the crew of a steamship plying between Puget Sound, San Francisco, Mexico and South America, were landed here today by the officers of the vessel,

charged with attempting to disable the machinery of the ship.

The names of the two men are withheld by the immigration authorities who are taking the two men to the federal detention station at Seattle. The vessel sailed from Tacoma during the night on a voyage for the west coast, when officers discovered the men, it is claimed, attempting to wreck the machinery of the vessel, so it would give way while at sea.

Federal officials here believe that the two men here in custody are but single members of a band of sailors who purpose to destroy the machinery of the United States navy.

The vessel was originally made last off a Norwegian steamer today, it is expected that investigation will lead to other arrests.

BY ASSOCIATED PRESS
LEASD WIRE TO TRIBUNE

DETROIT, Mich., May 29.—Ten men are under arrest here charged with having circulated literature opposing the selective draft law. Among them is Nathan L. Welch of Detroit, editor of the Michigan Socialist, in which the anti-draft articles were printed. Leaflets urging resistance to the army draft law also were seized by federal officials.

INJUNCTION IS ASKED.

KANSAS CITY, Mo., May 29.—A request for an injunction to prevent the state, county and city authorities from enforcing the select service bill June 5 was filed today with the circuit court by Judge D. G. Sheveller, attorney for the so-called Federation for Democratic Control, a pacifist organization.

The petitioners for the injunction are Thomas R. Sullivan and Raymond L. Moore. Moore is the husband of Miss Leonora Warneson, a school teacher whose pacifist activities among her students brought her considerable publicity last winter.

ONE PLOT IS BOOMERANG.

WASHINGTON, May 29.—Campaigning by German propagandists to align South and Central American countries against the United States was exposed by the state department today.

In three of the southern republics the propaganda has assumed menacing proportions. This is in Argentina, Venezuela and Colombia.

In Brazil the activity of the propagandists has proved a boomerang, culminating in the chamber of deputies voting overwhelmingly to revoke the declaration of neutrality as a forerunner to an actual declaration of war on Germany by Brazil.

Argentina has become a hotbed of pro-German and anti-American propaganda, according to state department information.

The aim of these propagandists was branded by the state department as "an effort to create irritation against this country."

There is evidence that the propaganda has been conducted directly from Berlin by use of the cable from Spain to Buenos Aires.

German firms in Argentina have been the agents of the Berlin government in stirring up anti-American feeling in that country, it was officially declared.

No official would say that this cable provided the means by which the news of the capture of the German destroyers reached Berlin in time to permit unloading of the port of arrival, but it was accepted as a clue to the leak.

REFORMATION TO BE CELEBRATED

Services marking the celebration of the quadricentennial of the Protestant Reformation will be held in the First Lutheran church, Sixteenth and Grove streets, tomorrow evening at 8 o'clock. Dr. S. F. Long of Mansfield, O., will deliver the address of the evening on Martin Luther. The speaker is one of the foremost lecturers of the Lutheran church in America, and in his pastorate has one of the largest Lutheran congregations in the United States.

During the day the Central California District Lutheran League will hold its thirtieth annual convention, beginning at 10:30 in the morning. The following is the program:

MORNING.

Devotional services, led by President Charles L. Trabert of Berkeley. Report of delegates.

"The Challenge of the Reformation to Our Young People," by Rev. G. H. Hillermon. Reports.

"The Darkness," by Rev. E. Meyer. "The Dawn," by W. W. Weibel. "The Noonday," by N. F. Fritz. Symposium on "The Young Lutheran and His Church."

"His Inspiration from Her Past," by George Kohl. "His Spiritual Development in Her Fold," by Clarence Hestorff. "His Education in Her Schools," by Pauline Hillermon. "His Social Activity in Her Behalf," by Alice Stelling.

"His Service for Her Enlargement," by Mrs. George Palmer. The public will be welcome at all the sessions.

TOURISTS FEW, RESULT OF WAR

TOKIO, May 29.—The Orient's tourist business, which promised to smash all records this year, has been practically ruined by America's belated entrance into the war, the submarine scare on the Pacific. Never in history had indications pointed to such a bumper crop of American spenders as this spring.

The risk-taking boys and curio men had girded their loins and extended their palms. All was ready for the American tourist's spring drive on the Far East. And then President Wilson called the Kaiser's hand and America doffed her coat and stepped into the big world scrap.

The big Toyo Kisen Kaisha liner, Tenyo Maru, due at Yokohama April 30, carried less than 100 passengers from San Francisco. The submarine scare on the Pacific, the war and the big world scrap. It's a sad day here for the hotel-keeper, and the steamship agent, and the Chinese tailor and the Japanese boy and all the rest—but especially is it sad for the smiling, bowing, industrious subject of the Mikado, who will show you everything from an ancient print to a modern vase and make you buy it.

SHARON ATTORNEY FACES PRISON

EX-SOLDIER IS SENT TO PRISON

BY ASSOCIATED PRESS
LEASD WIRE TO TRIBUNE

The refusal of Fred Bradley, twenty-one, a former rookie in the United States navy, to answer questions propounded by the probation officer resulted in sentence being imposed by Superior Judge F. G. Ogden this morning.

Bradley must serve one year in San Quentin for stealing a municipal automobile in this city several weeks ago and driving to Sacramento. The youth pleaded guilty and asked for probation. When a request was made for the address of his parents he refused to furnish the information, declaring that he would rather accept his sentence than involve his family.

Assistant Probation Officer Leonard Compton recommended that probation be denied in view of the youth's refusal to co-operate with the authorities.

Dealer. The report of the probation officer will be filed in the Superior Court on June 26.

ASKS PROBATION

Pleading guilty to assault with a deadly weapon, Layton Hanifen, who shot and wounded James Scullion of Alameda in the leg on March 22, asked that his case be referred to the probation officer when arraigned before Superior Judge F. B. Ogden today. Hanifen fired several shots from a revolver at random while intoxicated. One of the bullets struck Scullion, a wealthy hay and grain

TO HEAD COLLEGE

LOS ANGELES, May 29.—Dr. Evans Evans, president of Rippon College, Rippon Wis., has been chosen president of the Occidental College of this city, to succeed Dr. John Willis Baer, resigned. It was announced by Dean Thomas C. Burt, acting president, and the Rev. W. S. Young, secretary of the Occidental board of trustees.

USE ALLEN'S FOOT-EASE

The antiseptic powder to be shaken into the shoe and applied to the foot-bath. If you want rest and comfort for tired, aching, swollen, sweating feet, use Allen's Foot-Ease. GOODRICH
SILVERTOWN
CORD TIRES

A Clinic in TIRE Anatomy

STRIPPING back the thick, tough Black Safety Tread of this Goodrich Silvertown Cord Tire, we here lay its rubberized, cable-cord body. Note the size of the cable-cord, cross-wrapped into two layers, and but two. Under the hide there are but three tires:

FABRIC, swathed in five to seven plies:
THREAD WEB, a five to seven ply MASS OF STRINGS;
CABLE-CORD, the unique two-ply, rubber saturated, patent-protected tire body, found ONLY in Silvertown, the original cord tire.

Tires wear out inside, not outside. They are burned out by fever, rubbed up between the plies of the tire.

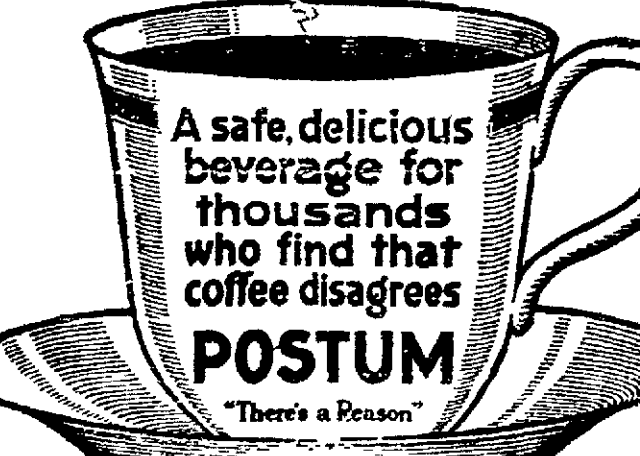

As every extra ply in a tire means extra tire fever, extra wearing out, Silvertowns with but two plies outlive many-ply tires with their multiplied heat.

Though they cost more than ordinary tires, you can not afford to deny yourself their smarter appearance, smoother riding comfort and gasoline saving economy.

The B. F. Goodrich Rubber Company, Akron, Ohio
Goodrich also makes the famous fabric tires—Goodrich Black Safety Treads

JAPAN TELLS REASON FOR GOLD EXPORT

TOKYO, May 29.—The heavy movement of gold from the United States to Japan was explained today by Kikame Shoda, minister of finance, as being due principally to the fact that the indebtedness of Great Britain and France to Japan is being paid partly through America. Mr. Shoda revealed the fact that Japan is now negotiating with Great Britain and France, with the purpose of making war loans to them, while the private Japanese concerns, including the specie and industrial banks, are planning the purchase of British and French securities held in the United States. These operations will reduce the outflow of American gold and relieve the burden of Japan's accumulating supplies.

Mr. Shoda emphasized the fact that the trade balance was not an exact gauge of the situation, pointing out that Japan now has a yearly income of 200,000,000 yen from abroad in the form of ocean freights, insurance and remittances from Japanese in other countries. He also called attention to the fact that British discount restrictions made necessary the sending of specie to India in settlement of the importation yearly of cotton to the value of 200,000,000 yen.

Japan's specie holdings are increasing at the rate of about 67,000,000 yen monthly, Mr. Shoda estimated, the present total being about 838,000,000. Only 15,000,000 yen gold has been imported from America since January 1, he said.

The loans to be made to Great Britain and France will give important aid to the entente, in the opinion of Mr. Shoda. He was hopeful that Japan's proposal to the United States to join in the Chinese loan group and her suggestion that American capitalists co-operate with Japanese in China would be adopted.

SNOW FAILS TO DETER S. F. PARTY

(Special to The Tribune.)
DENVER, Colo., May 29.—Undeterred by the hardships of a blizzard and the difficulties of almost impassable roads, the "On to St. Louis" motor caravan of the San Francisco Advertising Club left here at 6 o'clock this morning somewhat depleted in numbers, but still going strong. The caravan was completely stalled in Wyoming by a heavy blizzard and the cars were shipped here by rail—some of them are still en route.

The first day's run from here is to be 265 miles to Goodlands, Kansas, via Colorado Springs. The subsequent night stops will be Plainville, Kansas; Topeka, Kansas City, Jefferson City and then—St. Louis, where the caravan is due to arrive soon after noon.

Sunday, the day of the opening of the convention of the Associated Advertising Clubs of the World.

Cliff Durant, president of the Pacific Chevrolet Company, with three companions, arrived here in the trail-blazing car, having passed through Wyoming before the roads became absolutely blocked. They crossed the state under their own power, in many places breaking the way through deep snow. They left today a few minutes before the departure of the main body.

Removes Roots As Well As Surface Hairs

The chemist who discovered the remarkable hair-destroying properties of phaeoline has conferred a genuine blessing upon a multitude of women. This peculiar substance seems to paralyze and break up the way through deep and quick roots and all, before one's very eyes.

Phaeoline is perfectly odorless, non-irritating, non-poisonous—a child could use it without the least harm. Not to be compared at all with depilatories or electrolysis, it leaves the skin soft, smooth and hairless, no one would guess you ever had a moustache or other hairy growth. If you will obtain a stick of phaeoline and follow the simple instructions, you will certainly be "more than pleased"—or druggist will refund the price without question.—Advertisement

Business Men Rally to Urge Liberty Loan Upon Citizens

Committees to Launch "Drive" as Soon as Possible

The Liberty Bond campaign has been vigorously launched in Alameda and Contra Costa counties.

A mobilization of merchants, manufacturers, bankers, real estate dealers, lumber dealers, automobile men, druggists, hotel men, shipbuilders, organized labor, attorneys, dentists, medical men, is under way.

The local campaign took definite shape yesterday when two important meetings of the Liberty Loan Committee for Alameda and Contra Costa counties were held.

Harry Mosher, vice-chairman of the organization committee, outlined the work of the organization committee by announcing the names of business men who had volunteered to mobilize their respective businesses.

C. P. Murdock of the Realty Syndicate will bring the real estate dealers together in the interests of the Liberty bonds. The West Berkeley industries will be organized by J. E. Keating of the Bryon Jackson Iron Works.

Hugh Hogan is perfecting the co-operation of all lumber dealers and mill men. Others who have volunteered in this important work, and the vital factors in the campaign which they will mobilize, are as follows:

J. P. Crosby—Attorneys and Bar Association.
J. B. Christy, Union Iron Works—Shipping Industries.
O. H. Fisher, Union Gas Engine Company—Industries near his plant.
H. B. Ayer, street contractor—General street contractors and material men.
Louis Aber, St. Mark Hotel—Hotel men and employees.
Dr. J. Loran Pease, dentist—All dentists.
E. Vetch—The automobile and accessories man.
Dr. O. D. Hamlin—Alameda County Medical Society.
Robert Lee, Bowman Drug Co.—Druggists.
John Fechter—The Young Men's Christian Association.

Then, too, George E. Gross, the county clerk, will organize the county offices and employees. William Fitzmaurice, city engineer, will organize the municipal departments and the employees.

Postmaster J. J. Roberg will make every mail-carrier and mail carrier a Liberty Bond Booster.

Talk Liberty Bonds; talk patriotism; talk the safest investment in the world; talk America and democracy. These are the instructions to these volunteers in the campaign for the sale of the Liberty Bonds.

SUES SISTER TO REGAIN BONDS

Mrs. Kate F. Johnson of 2411 Hillside avenue, Berkeley, executrix of the estate of her brother, Dr. Charles Wesley Richards, Jr., was made defendant in a suit today in San Francisco to recover \$17,575 brought by her sister, Miss Tellulah Richards, a prominent society girl of Sausalito. The burden of the complaint made by Miss Richards is that stocks and bonds in the sum named found in the safe of her brother, Dr. Richards, following his death, January 8, 1917, were her personal property and should not have been thrown into the estate.

Miss Richards alleged that she had left all of her property, share and share alike, to three sisters, Mrs. Johnson, Miss Richards and Mrs. Ida Everett of Georgia. When Mrs. Johnson, who was made executrix, assumed charge of affairs, Miss Richards alleged that she found the stocks and bonds and made them a part of the estate. Miss Richards wants them returned or a money judgment as an equivalent.

In a will made a few months prior to his death, Dr. Richards, who was a well known San Francisco surgeon, left all his property to his mother, who, however, pre-deceased him. His will is peculiarly interesting in this regard. After a few more bequests, he says:

"All the rest and residue of the estate I leave to my mother, Ann R. Richards, for her support and maintenance for life, to live in any style she wishes. My main object in writing this will is to make sure that my mother will never want for anything and that she will receive every attention and luxury her heart desires or money can purchase so long as she lives. She, under all circumstances, is to be considered the first legatee."

By a provision of the will, Miss Tellulah Richards is left \$75 per month for life.

SEEK LOST MAN

Police and sheriff's offices have been asked to find John Missetch, an Austrian from Dalmatia, who dropped from sight in San Francisco two weeks ago, with \$800 in gold coin and a bank book showing a deposit of \$350 in the postal savings bank at Miami, Arizona.

According to his brother, Mike Missetch, who made the report, the missing man, when last seen, was wearing a blue suit with a light soft hat. Efforts to locate him in any portion of the bay district have proved futile. Whether he has been locked up at Angel Island under some other name on account of foreign sympathies or has met with foul play on account of the money he carried, is not known.

His brother lives at 1801 Seventh street, Oakland.

RAPS SEC. WILSON

WASHINGTON, May 29.—Secretary of Labor William B. Wilson was today sharply reprimanded by Representative Burnett of Alabama, chairman of the immigration committee, for his recent interpretation of the immigration law permitting Mexican laborers to enter the United States for farm work in the border states. At the same time Burnett announced that the immigration bars will not be let down to permit the entrance of Asiatic coolie labor.

JORDAN LEAVES

STANFORD UNIVERSITY, May 29.—Chancellor Emeritus David Starr Jordan of Stanford University has left for Washington on a secret mission. Mrs. Herbert C. Hoover, wife of the United States food administrator, left at the same time to join her husband in Washington.

SINK GREEK SHIPS

ATHENS, via London, May 29.—The Patri prints a list of 102 Greek ships, totaling 500,000 tons, which have been sunk by German submarines. Greece has 149 ships remaining with a displacement of 500,000 tons.

Liberty Bond Facts; Why You Should Buy

A Liberty Bond is an obligation of the United States of America, your own country, the highest grade security in the world, bearing interest of 3½ per cent per annum, payable twice a year; exchangeable without additional payment for any money bearing a higher rate of interest that may be issued by the Government; free from all federal, state or local taxes, both as to principal and interest, except estate or inheritance taxes.

Bonds may be purchased in denominations of: Coupon Bonds, \$50, \$100, \$500 and \$1000. Registered Bonds, \$100, \$500, \$1000, \$10,000, \$50,000 and \$100,000.

They are the best investment in the world; will bring you a regular income that cannot be taxed; are accepted by banks as security for loans, and may be converted in cash more readily than any other form of property, and may be bought at par, without any premium, on easy terms, at any bank, through any corporation or subscription for Liberty Loan Committee headquarters, room 808 Syndicate building.

IT IS YOUR PATRIOTIC DUTY TO BUY LIBERTY BONDS!

General agent for the company, will address the employees on the subject of Liberty loan bonds.

SOUTH SUBSCRIBES.

LOS ANGELES, May 29.—With subscriptions to the Liberty loan already totalling more than \$8,000,000, the Los Angeles committee has completed plans for the immediate departure of twelve expert bond salesmen to different districts of Southern California to organize the big financial drive in the twelve districts, and line up committees to push the sale of Liberty bonds in all cities and towns of population of 2000 and over from Tehachapi to the Mexican border. The local committee is striving to dispose of \$20,000,000 of the bonds in the southern part of the state within the next fifteen days.

STORM DAMAGES CANTELOUPE CROP

Expectations of a record canteloupe crop in the Turlock growing region have been dispelled, according to local commission men, by a high wind storm Thursday, which blew away or covered with sand one-half of the maturing crop. Following investigation Friday and Saturday, Turlock growers sent out messages to produce men, telling them in no optimistic terms that near-grown fruit individuals had been damaged.

The full extent of the damage done was made known today. Had the crop been normal or above normal, as the growers fully expected, 2000 carloads of Turlock melons would have been shipped to California and eastern consumption points. Growers do not expect to ship more than 1000 cars of the popular commodity now. It is too late to replant the melons, according to commission men. The Imperial Valley melons were not harmed by the wind.

FIRM TO WELCOME KIDDIES AT PARK

Here's compensation for the youth in kiddybockers who has been so dejected because he lacks some ten years of being old enough to register next Tuesday. June 5 is going to be a gala day for him after all.

June 5 will be Marymont & Upright day at Neptune Beach and Marymont & Upright have asked the boys and girls under 15 years of age to be their guests at Neptune Beach on Registration Day and enjoy the pleasures of the popular beach free of charge.

Admission of the youngsters will be free, so will ice cream, and, perhaps best of all, rides will be free on the scenic railway, the merry-go-round and the trained animals. The firm which is giving the outing has so arranged that every child in the bay cities may spend a gala day the Tuesday following the closing of the schools.

"We're only youngsters ourselves," said Samuel Upright, speaking on behalf of the firm. "We have been in business in Oakland less than two years, so it is natural that we should take an interest in the younger generation of Alameda county. We wanted our fondness for children to take some concrete form, so decided to give Oakland's future citizens healthful outdoor entertainment. We could not have chosen anything more acceptable to parents than an outing at Neptune Beach immediately after the close of school."

"In order that every one of our small guests may receive his or her due share of attention, we have limited the number of free tickets to be distributed at our store, and we urge parents to call for them as soon as possible to avoid disappointment. Particularly do we urge Sunday school teachers and others who wish to make special arrangements for parties of children to please do so before the supply of tickets is exhausted."

"There is positively no 'string' attached to this offer. Whether you are a customer of Marymont & Upright or not, whether you purchase, or buy nothing, you are welcome to as many tickets as needed for the children in your family under 15 years of age. There is no obligation entailed and no charge whatsoever. As long as they last we will give tickets freely to any and all adults asking for the same on our fourth floor."

WORKERS STRIKE

MARYSVILLE, May 29.—One hundred machinists employed by the Yuba Manufacturing Company in building gold dredges and tractors went on strike for an increase in pay of 50 cents a day. The men now receive \$4 a day. Notice was served by the machinists and company officials Saturday night after the men had voted unanimously to strike. James Morrison of San Francisco, organizer for the International Machinists' Union, is representing the strikers.

INSPECT L. A. SITE

LOS ANGELES, May 29.—The big Centinela-Baldwin ranch of 11,000 acres, which Los Angeles offers as a training camp in substitution for the site selected by the government near San Diego, was officially inspected yesterday by Brigadier-General W. L. Sibert, U. S. A. This is the first result of an effort to bring about a reconsideration of the government action in choosing the San Diego site. General Sibert will immediately make a report of his inspection of the Los Angeles site to the government.

TESTIMONY GOOD

SAN FRANCISCO, May 29.—Reversing the decision of U. S. District Judge Benjamin Bledsoe of Los Angeles, U. S. Circuit Judge Irskine M. Ross today defended the veracity of Chinese witnesses.

Judge Bledsoe ordered Yee Chong deported and declared in his opinion that the testimony of Chinese could not be relied upon in a court of justice. Judge Ross in his decision today asserted that a court had not the power to pass upon the merits of any race as court witnesses.

One Pound of Rich, Ripe Grapes

furnishes cream of tartar sufficient to make the Royal Baking Powder required to raise a dozen tea biscuits.

ROYAL BAKING POWDER

has been used for generations in homes where food of the highest quality is served. It is made from Cream of Tartar—a natural food element—as distinguished from mineral substitutes, such as alum and phosphate, used in cheaper baking powders.

The names of the ingredients printed on the label show whether the baking powder you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

THE STREAM OF LIFE

If you would enjoy life to the full, keep your blood—the stream of life—rich and red with right habits of eating and breathing, and **Pepto-Mangan**, "The Red Blood Builder."

There is a suggestion of the silence and power of a mill-race in the way the heart drives the blood through the veins and arteries. Again you think of the blood as the stream of life coursing through the whole body. Millions of tiny boats—in the form of red blood cells—sail up the stream and unload their cargoes of nourishment at every cell and tissue.

Pepto-Mangan

"The Red Blood Builder"

When your red blood cells are numerous and healthy, it seems as if you could move mountains, so laden are you with energy and power. But when the little boats are too few in number and badly out of repair, they cannot feed oxygen fast enough or in sufficient quantity to build up the body and rid the blood of waste products.

Then Nature flashes countless warning signals—in the shape of pain, weakness, lowed ed spirits, reduced working capacity—to remind you that you are calling too much, not taking enough exercise, not obtaining enough sleep, not breathing enough fresh air.

If your blood is thin, heed the warning of Nature. Time. Live sensibly and systematically, as she meant you to live. And help her with the logical, scientific blood food, **Pepto-Mangan**, "The Red Blood Builder."

Pepto-Mangan rebuilds and increases the number of the little oxygen-carrying boats. It restores deficiencies in the blood, and is a splendid general tonic and appetizer, easily assimilated and exceedingly pleasant to taste.

There are many imitations of **Pepto-Mangan** and counterfeiters of the package. You can buy genuine **Pepto-Mangan** only in the original bottle and sealed package illustrated above and bearing the name **Guide**. For sale at all drug stores.

M. J. BREITENBACH CO., New York

There's another good thing about delicious biscuits made with COTTOLINE. They are wholesome.

"TIZ" GLADDENS SORE, TIRED FEET. No Puffed Up, Burning, Tender, Aching Feet—No Corns or Callouses.

"Happy Feet" "TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is magical, sweet, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable! how happy you feel. Your feet just unclench; they shoes never hurt or tense; they feet are fresh, sweet and happy. Just think, a whole year's foot comfort for only 25 cents.—Advertisement.

Celebrate Golden Wedding

Oakland Couple Is Honored

Under a bell which has served for two other golden weddings in the family, Charles Henry Dickey and Mrs. Annie E. Dickey received friends at a golden wedding celebration at the home of their son, C. W. Dickey, 122 Dracena avenue, Piedmont, this afternoon. Two of their children, Lyle A. Dickey, territorial circuit judge of the island of Kauai in the Hawaiian islands, and Mrs. James D. Dole of Honolulu, came across the ocean to attend the ceremony.

The other children of the couple who attended were C. W. Dickey, architect of this city, and Mrs. A. M. Merrill of Collinsville, Cal. Mrs. V. Belle Wallace, sister of C. H. Dickey, came from Chicago to attend the celebration. Among the other guests were Mrs. S. T. Alexander, Mrs. James M. Alexander and Mr. and Mrs. Wallace M. Alexander besides many other prominent island residents and local relatives and friends.

Mr. and Mrs. Dickey lived in the Hawaiian islands for the past forty-five years, but recently removed to their Piedmont residence, 132 Dracena avenue. Dickey was one of the early missionaries being Judge T. Lyle Dickey, for many years chief justice of the supreme court in Illinois and a colonel in the Civil War.

Mrs. Dickey was born in the Hawaiian islands, her father being Rev. William P. Alexander, one of the early missionaries to the Hawaiian islands. In 1872 where Dickey engaged for many years as a merchant.

Mr. and Mrs. Dickey were married fifty years ago in Indianapolis, Indiana, at the home of Mrs. Jane Graydon, an aunt of the bride, after living brief periods at Whitehall, Illinois; New Orleans, La., and Alameda, Cal., they went to the Hawaiian islands in 1872 where Dickey engaged for many years as a merchant.

COOKS WANTED

FOR NEW UNITS

Cooks who, between periods of soup-manufacture and stew-minding, like the sounds of conflict, may have their desire for action satisfied within another month if they join the Eighth Regiment of Engineers, now on the last lap of formation. The unit is almost ready for two weeks' training at American Lake, Wash., and by next Friday will be on its way to the northern training ground.

In the meantime a temporary recruiting office has been opened on the sidewalk, Broadway, between Thirtieth and Fourteenth streets, where men with railroad experience are desired. The enlistment officials in charge are cooks and railroad laborers especially.

The engineers will be one of the first units at the front. Following several weeks' training at Washington Lake, the regiment will leave for New York, where embarkation. Although dates are not certain, it is thought that the unit will be in France next month at this time.

GIVEN 2 1/2 YEARS.

A sentence of two and one-half years was meted out to Howard Healey, charged with grand larceny, by Superior Judge F. B. Ogden today. Healey was caught in the act of picking pockets on an Oakland street car last week ago. He had previously served a term in prison for burglary, according to the authorities.

REGISTRARS TO DECIDE EXEMPTIONS

That the district registration supervisors for the military draft of June 5 will later also act as exemption boards in their respective districts became evident today when advices were received from Sacramento to the effect that each board should include a physician. The boards were referred to in the despatches as "exemption boards" for the first time since the appointment.

Institutions have also been advised from the state registration board at Sacramento for straightening out the discrepancy between the printed regulations and the report form. Blank City Clerk Cummings was authorized to reverse columns fifteen and sixteen so that the list of "alien enemies" may be properly designated.

Nearly 1000 advance registrations have been received by Clerk Cummings, who stated today that there has been no demurring on the part of the applicants.

"From all indications the military eligibles in Oakland take kindly to the conscription," Cummings said.

NO DECIDE EXEMPTIONS.

Men who claim exemption from army draft when they register next Tuesday will be required later to explain fully why they believe they should not be called. Provost Marshal General Crowder announced last night. Public authorities will determine the exemption of each individual on the basis of the second and more ample explanation, not on the briefly stated reason given the registrar Tuesday.

All men who are married or who belong to classes which may be exempted will not necessarily be subject to exemption. Furthermore, every man between the ages of 21 and 30, inclusive, must register, regardless of his status. Exemption is granted only to a soldier, sailor or officer actually in federal military or naval service or national guard or naval militia.

Each man must state his full name, age on last birthday, street address, date and year of birth, occupation and the kind of establishment where he is employed, military experience, whether he is single or married at present, whether he has a father, mother, wife or child, brother or sister under 12 years of age, dependent solely on him for support; whether he is a state or federal official; whether he is a native born American; whether he is the father of a naturalized, or has taken out first papers.

Men past 31 should not try to register, as they will be refused and will only confuse the system.

COST IS TOTALED.

The army, navy and marine corps have paid \$32,000 for 641 recruits procured by the postmasters of the country since September 30, it was announced today. The national defense act provides payment of \$5 to postmasters for each recruit procured.

Postmasters have furnished 5745 recruits to the army since September 30, with 4278 enrolled during the last month. The Portland, Ore., district led with a total of 616 for the six months. The Portland, Me., district was second with 354. Others active in the work of increasing the enlisted strength of the army include Fort Wayne district, 339; Indianapolis, 239; and Little Rock and Wichita districts, 255 each.

Recruiting took a decided boost since the issuance of the declaration of war by the President. The total since April 6 follows: Portland, 238; Wichita, 138; Fort Wayne, 172; Little Rock, 148; and Indianapolis, 147.

Ferdinand Claudius of this city, recently denied a writ of prohibition to prevent his registration under the conscription law, made another appeal to the Supreme Court for the same relief this morning. He wants Mayor John L. Davis and the Oakland officials prohibited from forcing him to register for the draft.

FARMERS PROTEST.

EL CENTRO, May 29.—Imperial valley chambers of commerce are planning to send a message to Washington today suggesting that recruiting here be stopped until the selective service draft goes into effect. That on an average of two young men a day go into the army or navy and out of the fields, is the statement of these organizations, which point out the injury done to the greatest work undertaken by the United States in the war, that of food raising. With a labor shortage facing the cantaloupe, corn and cotton growers, the man supply is being depleted by enlistments.

ISLANDS ARE VULNERABLE TO ENEMY FORCES

LONG BEACH, N. Y., May 29.—Capture by an enemy of the Panama Canal, Southern California, Alaska, Hawaii or the Philippine Islands are dangers which the people in this country should not consider as remote, Henry A. Wise Wood declared in addressing the conference on foreign relations held here today.

"Discussing 'the basis of an enduring peace,'" Wood urged purchase of Lower California from Mexico and completion of the Panama railway and defense measures.

"I believe we should seek a formal acknowledgment of the validity of the Monroe Doctrine from our allies, France, Italy, Russia and Japan," he said, "thus erecting effective diplomatic barriers against these perils. With these guarantees we will have made a long stride toward inclusion of Germany and Austria in the peace at the conclusion of the war. Great Britain already has a consistent friend of the Monroe policy."

ARE PROPRIETARY MEDICINES FRAUDULENT?

Undoubtedly, there may be some that are, but on the other hand there are many proprietary remedies that are as standard as any prescription that any present day physician can write, and in thousands of homes you will find these reliable remedies in every day use with satisfactory results. Such a medicine is Lydia E. Pinkham's Vegetable Compound, which, for nearly forty years, has been alleviating the suffering of woman-kind, and overcoming some of the most serious ailments of her sex. If you are suffering from any of the ailments of women, just give this medicine a trial and prove its worth for yourself.—Advertisement.

SEVEN POINTS ON REGISTRATION

One—There is only ONE day for registration—June 5, 1917.

Two—Every male resident of the United States who has reached his twenty-first birthday and has not reached his thirty-first birthday MUST register on the day set, June 5, 1917. The only exceptions are persons in the military or naval service of the United States which includes all officers and enlisted men of the regular army, the regular army reserve, the officers' reserve corps, the enlisted reserve corps, the National Guard and National Guard reserve recognized by the militia bureau of the War Department, the navy, the marine corps, the coast guard and the naval militia, naval reserve force, marine corps reserve and national volunteers recognized by the Navy Department.

Three—Registration is different from draft. No man who just claim you have for exemption, you must register.

Four—Registration is a public DUTY. For those not responsive to the sense of this duty the penalty of imprisonment, not fine, is provided in the draft act.

Five—Those who through sickness shall be unable to register should cause a representative to apply to the county or city clerk for a copy of the registration card. The clerk will give instructions as to how this card should be filled out. The card should be mailed by the sick person, or delivered by his agent, to the registrar of his voting precinct. The sick person will enclose a self-addressed stamped envelope for the return to him of his registration certificate.

Six—Any person who expects to be absent from his voting precinct on Registration day should apply to the county or city clerk for a registration card to the county clerk of the county where he may be stopping, or if he is in a city of over 30,000, to the city clerk. The clerk will mail the card to the county clerk and turn it over to the absentee. The absentee should mail his card to the registrar of his home voting precinct so that it will reach that official by Registration day. A self-addressed stamped envelope should be enclosed with the card to insure the return to the absentee of a registration certificate.

Seven—Registration books will be open from 7 a. m. to 8 p. m. on Registration day, June 5, 1917.

Plenty of Fun Is Planned For All Tribune Day, June 6

Even the Kiddies Will Have Part Set Aside
When They Will Reign Supreme

TRIBUNE Day at Idora Park is going to be a day for everybody. Even the tots and toddlers will have their part of the day set aside, when they will reign supreme. The morning will be given over to them.

It is not expected that the very little folk will be interested in the patriotic pageant to be staged by the boys of Battery B. But the little folks are interested in the monkeys, and the bears, and the swings and the merry-go-round, and the boats and the inland beach and the thousand and one amusements of Idora Park, and the TRIBUNE feels that they should have their part of the day when they can enjoy themselves in their own way.

FUN FOR CHILDREN.

And so the morning has been set aside for those of tender years. Just as soon as the park opens the little holders of TRIBUNE tickets will be admitted through the gates and from then until 1 o'clock the park will be theirs.

All of the concessions will be running full blast and particularly the concessions that interest the tots and toddlers.

Big folk will be welcome, but when the tots and toddlers are in the morning of TRIBUNE Day they will have to do just what the little folk wish. That is, when little Willie will be able to boss his papa, and mamma will have no chance at all with the little folks. The TRIBUNE and the Idora Park management are determined that the little folk are going to rule the morning if it takes all the big policemen in the park to see that the big folks do as the little folks wish.

PLENTY OF PEANUTS.

And every youngster in Oakland knows that monkeys and bears are fond of peanuts. The TRIBUNE has arranged so that 3000 bags of peanuts will be distributed to the holders of certain coupons. These bags of peanuts can be used for feeding the monkeys and the bears—unless.

Well, all the monkeys and all the bears in Idora Park couldn't eat 3000 bags of peanuts, so it might be just as well for the little folk to go fifty-fifty on those peanuts.

CLIPPED WINGS.

Both stared at the sumptuous Delish floating in at the side of Bret Winfield. They did not recognize either Bret or Sheila. Sheila was almost past name. Then they leaped to attention and called her name.

All four exchanged greetings with cordiality. Time had blurred the old grudges. The admiration in the eyes of both Reben and Coleman reassured Sheila more than all the compliments they lavished.

Reben ended a speech of Oriental floweryness with a graceful implication: "Are you coming in at the wrong door of the theater. This is the entrance for the sheep. The artists—Ah, if we had not been there, now called after her, languishingly.

"I've got that contract in the safe yet." It was a random shot, but the arrow struck. When the Winfields had gone on Reben said to Coleman:

"She's still beautiful—she is only now beautiful."

Coleman, whose enthusiasms were exhausted on his twirling machine, agreed, cautiously. "Yes, but she's aged a good deal."

Reben frowned. "So you could say of a rosebud that has bloomed. She was pretty then and clear and sweet, but only a young thing that didn't know half as much as she thought she did. Now she has loved and suffered and she has had children and seen death march, and she has craved a lot in the night. Now she is a woman. She has the tragic, and I bet she could act—my God! I know she could act—if that fellow didn't prevent."

"Fellow?" was not the expression he used. Reben abhorred Bret even more than Bret him.

Once more Sheila was in the Odeon, but as one of the audience she entered the huge, dusty, gold arch of the proscenium framing the deep brilliant canvas where the figures moved and spoke. It was a finer sight to her than any sunset or electric or any of the works of mere nature, for they just happened; these canvas rocks and cloth flowers were made to fit a story. She preferred the human to the divine, and the theatrical to the real.

The play was good, the company worthy of the Odeon traditions. Even

Society

Memorial Day dawns on the morning. With it comes that which has been brought before. And because it is so different and its meaning so sacred and it stands on the dividing line of the old and the new, society has presented a clean calendar, waiting for the next few hours to do homage to those who have trod the path and turned the corner. Behind are memories. Before is what none can tell. All over the world into millions of households this past twelve months has come the deep grief of parting. In thousands of homes lingers the fear of what the year may bring to them. It is a reverent spirit which has laid aside its frivolities and pleasures to lay in silence before the unknown and to lay upon the lawns and waters the sweet flowers of affection.

Should society have any curiosity at all concerning the sorts of things which the women of Oakland are doing, brief visit to the Business and Professional Women's Club concession at the Fete Feministe on Saturday will cater more than a bit to its satisfaction. For these busy ones of the city are assembling an exhibition which includes everything from pedigreed cats to a permanent marble wave in midday's hair. The show will run through the entire gamut of needlework, piecing and buttonholes, photographs, copper work and the like. Those who are planning the medley representing the industry of the local women are Mrs. George Mates, Miss Grace Harvey, Mrs. Steinberg, Mrs. Thrig, Miss Emma Ilsen, Miss Zem and several others.

Towels, big and little, for guests or family, embroidered, initialed, hemstitched, fringed, towels for bath and bedroom, kitchen and nursery towels for every one and every occasion, this will be the contribution of the members of the Children's Hospital Association. Mrs. William Thornton Blackburn is president of this busy organization, which is doing a wonderful work in the fine old Biblical way of not letting the right hand know about the left. Those who will assist on Saturday at the booth are Mrs. Theodore Clark, Mrs. Charles Moore, Mrs. Green Majors, Mrs. Maxwell Taft, Mrs. Pauline Ench, Mrs. J. S. Street, Mrs. Caryl Hubbard, Miss Edna Kennedy. The Merrile Maids of the Oakland Social Settlement clever young misses of sixteen summers or so, have used their gifts in fashioning children's garments. And so important has become their work and so skillful their hands that they have undertaken to fill a large corner with the charming little frocks which will save many a busy housewife a trying hour. The prices are moderate, the materials crisp and the styles something which will please the young folks. The sale of these garments will go directly into the coffers of the settlement to promote that interesting work south of the Seventh street line. In addition to the fine frocks the maids are preparing a pretty playlet which will be produced during the afternoon on the platform. Those who are furthering the interests of the Oakland Social Settlement are Miss Minnie Smith, Miss Charles, Miss Margaret, Mrs. Wellman, Miss Ethel Moore, Miss Sarah Horton, Mrs. Murray L. Johnson, Mrs. S. T. Alexander, Mrs. W. H. Chickering, Mrs. Louis Tashera, Mrs. Vance McClintock, Mrs. John Parker.

And the Royal Neighbors, which is founded for the valuable work of insuring money for the benefit of children and which boasts of being the woman's largest fraternal order in the world, is to have its place at the all-day and all-evening fete. The women interested in the work will have a large table overlooking with little illuminated pictures of the wonderful places of the world which may be used as postals. The Royal Neighbors is represented by Mrs. M. S. Murray, Mrs. E. E. West, Mrs. M. E. Mitchell, Mrs. Charles, Mrs. Charles Kroegel, Mrs. Florence Bessler, Mrs. Anna Rose, Mrs. Paul Gillette.

June, with all its promises, will bring a greater measure of the large card party and musical for which Mrs. F. M. Smith is opening, "Arbor Villa" on Friday afternoon, the 8th. Mrs. Smith is one of the women who have been true to the college and it is in compliment to the members of the Mills Club of Alameda County that she is extending her hospitality. These energetic women have promised their alma mater \$1000 for the overjoyed fund, and the motif will be strictly Mills College. Mrs. Charles Frost has been made chairman of the committee on general arrangements. With Mrs. Smith, Miss Maudie Nichol, the newly elected president of the club, will be held the day, assisted by a large receiving line.

But in addition to the lure offered at the card tables is the program of song which will be contributed by a quartet of the heartiest vocalists of the bay, including Mrs. Charles Eddy, contralto, and R. E. G. Keene, bass. The ticket committee numbers Miss Helen Kimball, Mrs. Wells Drury, Mrs. Grosvenor, Sherman.

Mrs. Herbert C. Hoover, who is being so delightfully feted since her coming to California, shared with her sister, Mrs. Guthrie Large, and their niece, Mrs. Jack W. Marks, in the joy of a beautiful reception party so ago when Mr. and Mrs. Charles D. Henry entertained. "Henrycroft" is the handsome home over which the Henrys preside in Monterey and the brilliant function was arranged that the friends might meet the two interesting daughters of the family and the granddaughter. It was an evening reception with a long list of notable guests included in the invitation.

Mr. and Mrs. Matthews have returned to their Oakland home after their out-of-town visit with Mr. and Mrs. Henry.

Willard Barton has come to Oakland to spend the summer. In welcome to him society is exerting itself in a most informal way, claiming him at a procession of interesting reunions not only on this side of the bay but in San Francisco, where he was equally popular. While in town he is the house guest of Mr. and Mrs. Leon Bonquar and Mrs. Kate Chabot Dunn at their handsome residence in Vernon Heights. Barton for several seasons has been a member of the Maude Adams company and his California friends are delighted with the success which has been his. Each

summer he comes back to the coast for a brief rest and a short time in his old home. Formerly the Barton residence was one of the handsomest in Linda Vista, but the death of his partner closed the hospitable place. Before taking up his dramatic career seriously Barton, as an amateur, was the leader in all of society's efforts to win dollars for the public's pockets in the cause of charity, and managed and took the leading part for years in the vaudeville and kermesses. When he decided to go East there was a genuine ussuary for the philanthropic organizations did not know how they would exist without his co-operation. Barton is a brother of Aldrich Barton, who married Miss Irene Bangs.

Mrs. George R. Chambers was welcomed home yesterday after a sojourn of several weeks in the southern part of the state. She has reopened her apartments at Hotel Shattuck and in the social activities of the college town through the summer will be a leader. Mrs. Chambers has spent the late spring and earlier Summer in Pasadena, where she was the house guest of her daughter, the former Miss Madeline Chambers.

That interesting group of Red Cross workers who are giving up a day each week to their patriotic task at the residence of Mrs. H. V. Maxfield in Vernon Heights, have just added the finishing touches to a No. 2 box of hospital equipment for the men. In this coterie of intimate friends who have assembled themselves into one of the wartime clubs are Mrs. Maxfield, Mrs. John J. Valentine, Mrs. George Washington Percy, Mrs. John McKane, Mrs. John R. Farrell, Mrs. A. C. Posey, Mrs. H. S. Moore, Mrs. Fred Winchester, Mrs. J. R. Souham, Mrs. Henry K. Belden, Mrs. Andrew Simpson, Mrs. I. N. Breedlove, Mrs. Horace Watson, Mrs. Russell Lowry, Miss Irene Hoyt, Miss Alice Burdick.

Mrs. John Hinkle entertained one of the box parties at the most brilliant benefit in the new N. D. theater in Berkeley when society thronged it that some little might be sent to the orphans and wounded soldiers of France. Those who accepted their hospitality were Professor and Mrs. Frederick Slate, Mr. and Mrs. Walter Seaver, Miss Marie Soula and Miss Louise Soula.

Mr. and Mrs. George Kingsbury Porter Jr. are leaving immediately after the large military dance which they are giving on Saturday evening at Alamo, where they will enjoy a delightful sojourn. Mrs. Porter's party, Mr. and Mrs. Lincoln Church, have a beautiful summer home there, a spacious and comfortable, which is the joy of the family and friends who are numbered in the house parties during the season. The Porters are planning their patriotic dance in

MRS. EDWARD LACEY BRAYTON, who was a patroness for the vaudeville benefit given in Berkeley last evening for the French wounded and the fatherless children of France.

honor of Miss Adele Scott and her fiancé, Frank Rolter. Two hundred of the younger set have been included in the invitation for the patriotic function which will have Ebelle clubhouse for its setting.

Miss Scott has as yet made no definite plans for her wedding. Rolter has joined the officers' training camp at the Presidio and will shortly receive his commission. The marriage will depend upon the orders which may come to him.

town Mrs. Charles Knox and Miss Janet Knox are planning to open their handsome Claremont home. During the winter they were at Hotel Shattuck where they entertained extensively. Mrs. Knox and her daughter left yesterday on a motor trip which will take them to Chico to spend a fortnight with another daughter, Mrs. Roland Moore, before going on to the Black Oak mine as the guests of Mrs. Knox's brother, Roger Knox.

With Miss Marjorie Williams as her guest of honor, Mrs. Horace Byington is entertaining at a prettily planned tea on Thursday afternoon at her home in Piedmont. Miss Williams is the fiancée of Russell Harris of San Francisco, the betrothal having been announced last week. A score of close friends have been included in Thursday's tea to meet her.

In honor of Mr. and Mrs. E. A. R. Dow, Mrs. E. L. Camp is opening her Claremont home on Thursday evening for a reception at which the members of the Cecilia Club will be hostesses. More than seventy-five guests will enjoy the musical. Mrs. Camp will be assisted in receiving by Mrs. William Murray.

A musical was given last week by the young pupils of Miss Alice Sanford in Starr-Kirk hall. An interesting program, participated in by the little folk, was followed by a presentation of the new N. D. theater in Berkeley when society thronged it that some little might be sent to the orphans and wounded soldiers of France. Those who accepted their hospitality were Professor and Mrs. Frederick Slate, Mr. and Mrs. Walter Seaver, Miss Marie Soula and Miss Louise Soula.

LARGE FUND PLEGGED FOR RED CROSS

That California will take place as one of the leaders of the forty-eight states of the Union in the raising of the \$100,000,000 Red Cross fund was indicated by the enthusiasm which pervaded the meeting at the Palace Hotel, San Francisco, today when the work of organization was begun.

The sum of \$3,000,000 has been apportioned to the region west of the Rockies, but a goal of \$15,000,000 has been set by the workers and today's meeting presages the successful raising of the larger amount.

"Put up or shut up," was the way P. H. McCarthy, president of the Building Trades Council, admonished his hearers, and equally terse phrases were coined by others among the numerous speakers who raised the enthusiasm of the meeting to a high pitch.

Charles C. Moore, president of the Panama-Pacific Exposition, repeated the slogan, "For democracy and against hypocrisy, let us purge our consciences of hypocrisy."

William H. Crocker, president of the Crocker National Bank, was selected as chairman of the meeting, and introduced the various speakers. Arrangements were perfected for setting on foot the machinery which would take the campaign into every county, city and village of the State so that none would be overlooked.

The fact that McCarthy, who is chairman of the executive committee of the western territory, introduced William H. Crocker as chairman of the meeting and addresses were made by the following:

Lyman Pierce, secretary of the Red Cross; William Sproule, president of the Southern Pacific; Rabbi Martin A. Meyer, Mayor James Rolph Jr., Archbishop Edward Hanna, Lawrence Phillips Jr., John L. Clymer of the National Red Cross, Chester Rowell of Fresno, M. H. De Young and P. H. McCarthy.

Approximately 200 persons were present in the meeting room and it was arranged that separate groups would gather at luncheon in order that even the noon order should not be lost in the perfecting of the plans for the campaign.

Included among those in attendance were Bishop William Ford Nichols, Rev. Paul Smith, former Congressman Joseph R. Knowland, A. E. C. Dornmann, Philip Teller, Judge John J. Fitzpatrick, Mayor John L. Davies of Oakland, J. W. Garthwaite, president of Oakland Chapter of the Red Cross; Dr. W. O. Smith, president of Alameda chapter.

The Oakland Chapter of the American Red Cross is engaged in making plans for a rapid increase in the membership in order to secure additional funds for which to carry on the work. Both money and supplies are being called for in large amounts by the national chapter and the local organization is in need of more material for the campaign.

The women of the Rockridge Women's Club is meeting Mondays and Tuesdays at the home of Mrs. H. H. Wadsworth, 5669 Ocean View Drive, and are sewing for the Oakland chapter.

Total Red Cross donations by the Grant school have reached \$40.50 and the Lakewood school with donations and memberships has reached the \$100.00 mark.

Irvington auxiliary of the Red Cross has just completed and turned into the Oakland chapter seventy-five comfort bags.

The United Artisans of Centerville, has given \$10.00 to the Red Cross, and the St. James Guild of Centerville, contributed \$2.50.

The Kelley-Davis Company has donated printing and the cutting of handbags to the Oakland chapter, and Ernest Webb, of the Sterling Press, has donated the printing of 1,000 sets of instructions on knitting for the information of the women engaged in this form of Red Cross work.

Three Supervisors Agree to Vote for Infirmary Site Citizens' Hospital Committee Pledges Majority of Board to Action

At a meeting of the Citizens' Hospital Committee in the Hotel Oakland this noon, three supervisors agreed to vote for the California College site for the new County Infirmary. These supervisors are Heyer, Foss and Mullins. Supervisor Heyer promised to introduce a resolution providing for the purchase of the college site. The two others agreed to vote for it.

More than 250 members of the Citizens' Hospital Committee, recently organized for the inauguration of a campaign to erect a new county hospital in Oakland, gathered at the Hotel Oakland today at the first of a series of "action" luncheons which are to be held within the next few weeks.

Mrs. J. B. Hume, in opening the program of speakers, declared that the committee did not intend to be diverted from its original purpose by anything that might occur and that no probe would be needed by the State Board of Charities and Corrections to convince the people of Alameda county that conditions existed which "caused a stench in the nostrils of the citizens and made the name of Alameda county a byword and a term of reproach."

"We advise the Board of Supervisors, our friends the enemy," she said, "that we are on the verge of war. We will welcome peace envoys from the supervisors only on the terms of purchase of the California College site."

Joseph H. King, president of the Chamber of Commerce, argued from the viewpoint of the commercial man and viewed as "rank idiosyncrasy" the public policy of buying up such land as was immediately needed with no thought of the future. He said:

"The Baptist College site is an good as can be obtained. The price is fair. Now, about our friends—the enemy—the Board of Supervisors. I don't think they would deny this was a good thing if it were up to them. But as politicians they seem to take leave of their good sense. This meeting ought to convince the Board of Supervisors that something is coming if they don't do something. A supervisor can delay or act. The county hospital is a shame and disgrace. No other county treats its poor as we do. We don't have to do it. We are a rich county and I think people will stand the expense. We want a hospital—we should get action."

Mayor Samuel C. Irving of Berkeley declared that if no action is obtained on the hospital matter Berkeley might go ahead independently.

Mrs. Duncan McButtle, a member of the Public Welfare Commission, gave the official viewpoint of the hospital matter. She declared that members of her commission were tired of reporting to grand juries, supervisors and state boards of charities and corrections and getting no action. She urged immediate action.

We invited the Grand Jury to be present at this meeting," she announced. Mrs. Hume, "but I guess they were afraid they would be exposed to information."

Introduced by Mrs. Hume as the leader of the fight, Arthur A. Clift made a stirring kicking off of office of certain members of the Board of Supervisors. He declared time for parleying was over. He said:

"The best kind of a fight is definite action. We want that hospital and when a body of the personnel of the Public Welfare Commission makes a recommendation, it will take above any crowd of quibbling with supervisors. We should say there should be no further debate. Any one who represents us and we should let them know it."

Other speakers who urged immediate action were A. S. Lavenson, Rev. E. L. Parsons, Dr. S. S. Broderick of the San Francisco county hospital, Samuel L. Donahue of the Building Trades Council and S. W. Lore of the Central Labor Council.

Mayor Green Majors of Alameda expressed his understanding of the campaign as one of protest against delay and urged the Board of Supervisors to declare themselves upon the hospital question for the purposes of a "show-down."

"Are you ready to vote?" asked Mrs. Hume of Supervisors Foss, Heyer and Mullins, who were seated together.

"Yes," answered Foss. "I have been in favor of this."

"Will you make a motion at next meeting of the Board of Supervisors to that effect?" asked Mrs. Hume.

"I will, but I think it ought to come from Heyer—it is his district."

"Mr. Heyer, will you do that?" Heyer rose to his feet. He said: "I have been in public papers for some time."

I have been willing to vote but I have wanted to know how people felt on location. I have not always been in favor of the acquisition of a hospital site. I read the Welfare Commission's report. Then I changed my mind.

"Just a minute, Mr. Heyer. I must hold you to your attitude on the motion to stand ready to take up recommendation to vote right now for a site in Oakland," asked Mrs. Hume.

"I am ready right now," Heyer shouted. "I hope I am not breaking up the meeting."

Leighton moved and heaved that he may have been implicated in a number of burglaries. It is thought that one of his former coworkers is now in San Quentin. Leighton told the authorities that he was not the burglar. The burglar was his first offense as an inspector. Charles McCarthy is investigating further.

Leighton has posed as a professional burglar. He is about 25 years old. After the burglar robbery he endeavored to pawn the stolen jewelry in Stockton, and was there arrested.

Then you will vote for California College site," asked Mrs. Hume.

"I will," exclaimed Mullins.

"May I ask if I thoroughly understood that these three supervisors will vote for the California College site at the next meeting of the board of supervisors?" shouted Majors of Alameda.

"That is our understanding," declared the chairman. She looked toward the three supervisors and all nodded. There was a burst of applause.

Representatives of the Central Labor Council, Building Trades Council, civic, improvement and commercial organizations, welfare bodies and prominent citizens of the eastern section of the county were present. The Alameda County Board of Supervisors also represented.

Mrs. James B. Hume, chairman of the committee, presided.

The keynote of the meeting was for immediate action, in contrast to the delay incident to the handling of the matter by the Alameda County Board of Supervisors. Recently the committee endorsed the recommendation of a Public Welfare Commission, appointed by the California College site for the purchase of the California College site.

Fundamental plans of campaign were laid today through the appointment of an executive committee and subcommittees, such as financial and publicity, for active efforts to have an initiative petition placed on the ballot at a special election August 14 to cover the purchase of the site, a cost of \$50,000, to be paid out of the county's general fund. The further plans of the citizens' committee include the issuance of bonds for actual hospital construction.

The supervisors have already signified their intention of putting the hospital site purchase on the ballot, but have specified no definite site. This, it is alleged, the Citizens' Committee will not tolerate having the site fight brought up a second time. The purpose of the Citizens' Committee is to have the selection made by direct initiative vote on August 14, and follow out the recommendations of the Welfare Commission.

DIVORCEE GIVEN STOLEN JEWELRY?

That Bradley Leighton, held by Police Judge Samuel to the Superior Court for burglary of the W. H. Ingels' home in Oak street, betrayed the confidence of his friend and former guardian, Mrs. Alice Hart, a wealthy divorcee, living at Hotel Oakland, became known today as the result of her story told the police.

According to the police, Leighton gave Mrs. Hart jewelry, believed to have been stolen from the home of Mrs. K. Monehan, 62 Rio Vista avenue, as collateral for his defense. He told Mrs. Hart that he had bought the jewelry at auction.

Mrs. Hart pledged the jewelry in good faith and secured the services of Attorney T. C. Christensen with the money. Some time later it became apparent that the jewelry had been stolen and investigation disclosed the fact that it belonged to Mrs. Monehan. Mrs. Hart is held guilty by the police, who say that she was used as a tool by her protégé.

The police are now investigating Leighton's movements and have noted that he may have been implicated in a number of burglaries. It is thought that one of his former coworkers is now in San Quentin. Leighton told the authorities that he was not the burglar. The burglar was his first offense as an inspector. Charles McCarthy is investigating further.

Leighton has posed as a professional burglar. He is about 25 years old. After the burglar robbery he endeavored to pawn the stolen jewelry in Stockton, and was there arrested.

Labor Problem Will Be Discussed by Committees

BERKELEY, May 29.—With the securing of sufficient labor to man the farms this summer as the State's chief problem, a special conference of the committee on resources and food supplies of the State council of defense will be held at the University of California, Thursday afternoon. Representatives of all employment agencies, public and private, will be called into consultation.

The purpose of the conference is to obtain definite information concerning the need and source of farm labor. The problem of Oriental labor is to be excluded from discussion. By Thursday the committee expects to be able to present the results of a survey of labor problems in seventeen counties of the State.

It is urged by the committee that bondsmen be refused assistance by housewives and others to whom they may apply. The committee believes there is plenty of labor for all able-bodied men on the farms and desires that it be diverted there as promptly as possible.

The Berkeley committee on the side here of labor will hold its first meeting this evening. Plans for the meeting have been made by the Alameda and Contra Costa county committees directed by the Berkeley committee. Morris, chairman, W. A. Schockley, James E. Wages, G. Snyder, C. M. Boynton, J. S. Mills, H. H. Cannon, E. J. Tomkins and E. F. Louideck. The committee has set \$10,000 as the amount to be raised for the purpose.

When the sub-committee of the State resources committee begins its work of a census of boy and girl farm labor in the State, the first outlined march of the Berkeley high school figures ready to tabulate. An independent local census has been started by Principal C. B. Bledensbach. The questionnaire of the State body is being followed in substance in the local census. A considerable reduction in enrollment in the school is expected next term by the teaching force.

The Berkeley Home Defense Corps held a patriotic service last evening at the First Baptist church. Comptroller Ralph Palmer Merritt of the University of California, and other speakers were present.

Rifle practice is to be held by the corps for the first time on June 2, permission having been secured to use the university rifle range in the Berkeley hills. The corps will be held next Wednesday evening, a drill being held on the old campus. The corps will be held on the old campus. The corps will be held on the old campus.

Members of the Red Cross, veteran soldiers and other young men who will register June 5 were in attendance at a special memorial service held last night at the First Baptist church. When the chief address was given by Rev. N. Winter of Los Angeles, a musical program was presented by the corps. A large flag recently purchased by the congregation was unfurled and dedicated to the service of the corps. The arrival of the corps was announced by the corps. The arrival of the corps was announced by the corps.

The army headquarters today stating that arrangements had been made for the organization to be enlisted in the army service at once. It would be assigned at first to duty with the French army, and be transferred probably thereafter to the front. The American army upon the latter's arrival.

The company was the second organized in this state under the Red Cross plan. It is the largest of its kind in the state and is recruited chiefly from the faculty and student body of the University of California. Dr. M. M. Mead of the University of California is first lieutenant. Dr. Samuel R. Downing of the Berkeley dispensary is second lieutenant. Dr. Theodore C. Burnett is third lieutenant.

In addition there are other officers, drivers, mechanics and attendants, bringing the total enrollment of the company to 91. The equipment of the company, according to Dr. Powell's information, awaits its arrival at Allentown. This includes ten motor ambulances, ten motorcycles and a sunaboot besides surgical supplies of all description and camp outfit.

The company was organized in Berkeley two months ago under the expectation that it would probably have two or three months of drill here before being called into service. The arrival of orders for its mobilization finds many of its members away from the city. Dr. Powell is making an effort today by telephone and telegram to reach them and expects to be able to move the company to Allentown within two weeks.

Although two ambulance divisions have already gone from the University of California to France, this will be the first ambulance company to leave Berkeley as a portion of the United States army.

One more ambulance corps, the third, the University of California, is expected to be sent into the war. Unlike the two which already are on their way to the front, this one will be directly connected with the United States army, and probably will accompany an army division. It is now being organized at Allentown.

TUESDAY, MAY 29, 1917.

A DAY OF DEDICATION.

Citizens of America, throughout their land, to
morrow will honor the memory of those who died in
battle. Wherever soldiers lie buried there living
patriots will make their way and pay the sweetest
of all tributes—hallowed thought. They will strew
flowers over the flattening graves, while orators
again will tell the story of bodily sacrifice that
Liberty, the soul of the world, might live.

Memorial Day each year has become more and
more a popular free-will outgiving of the national
spirit. We have attained, with the passing of time,
a fuller understanding of the significance of the
gifts of our heroic dead, until the silent tombs are
become sentient, immortal things, commending
each generation to keep the world safe for the
next. The spirit of all those who fell fighting un-
der the Stars and Stripes calls to Americans of the
present to be worthy the example of the men of
the eighteenth century who conceived that all men
are created free and equal, to the people who made
Washington and Lincoln first in the pantheon of
their heroes, to the people who scarcely a half cen-
tury ago suffered a civil war for the abolition of
slavery; to all to remain faithful to the traditions
of the founders of our independence.

We go to this annual reconsecration pure in
thought and with stainless record.

Never has this people drawn the sword except in
defense of human rights. Soldiers of the past ever
have been true to the ideals of pure consciences
from which the nation was born—honor, morality
and liberty. They have fought in the defense of
their homes and the privilege to live in peace in
their country without reproach from God, but they
have never given way to the lust of battle for the
battle's sake.

Tomorrow let American citizens resolve to live
the present and the future in honor of the past.
This nation has been forced to take up a task which
will require willing service and sacrifice without
precedent in the history of the Republic, that the
defenders of the past will not have died in vain.

The nation is again at war. Its object is not
only to exact retribution for the foul and ruthless
murder of Americans, or to punish the violation of
treaties and the most solemn pledges. It is also to
reform or destroy the barbaric and savage creation
of falsehood, perjury, assassination, profanation,
rape, slavery and all kinds of evils and disasters.
Mr. Paul Desha, president of the French
Chamber of Deputies, said on April 6th: "After
the harvest of suffering comes the harvest of jus-
tice." America must see to it that the harvest of
justice is complete, so that civilization may never
again be threatened with destruction by crimes
bred of insolence and arrogance, that the mournful
cry of innocent women and children whom criminal
hands have consigned to an ocean grave may cease
to be a reproach.

It is to this purpose—that the world may be safe
for their children—that the citizens of the United
States, while honoring their dead, will rededicate
their lives.

CRUCIAL MOMENT IN SPAIN.

Reports from Spain indicate that that country is
overrun by active Germanophiles who are urging
that if Spain goes to war she will be ruined. Under
this threat it is hoped to induce Spain to remain
unresisting and submissive to the outrages of sub-
marine piracy. The position of the new Premier,
Senor Garcia Prieto, daily is becoming more uncer-
tain. All liberal statesmen with the exception of
Senor Alba have refused him support. The present
government has announced its determination to
pursue the international policy outlined in the mes-
sage to the parliament from the King, which is
"strict neutrality," it evidently being unimpressed
by the fact that neutrality and preservation of
rights is impossible.

The press of all sections is predicting the early
return of Count de Romanones at the head of a
coalition government, which it is believed will be
the strongest in the history of the country. The
old conservative former premier, Don Antonio
Maura, has joined interests with Romanones and
the two are the strongest political leaders in Spain.
Both of them feel that Spain must join the Entente
and that the hour has long passed when she should
have severed diplomatic relations with Germany.

Certainly this is a decisive moment in the affairs
of Spain and it does not seem possible that she can

endure much longer the hard conditions forced
upon her by German ruthlessness, even though it
may cost the opportunity of being the scene of the
coming peace conference.

UNNECESSARY DELAY.

The Interstate Commerce Commission is taking
its time about rendering a decision upon the re-
quest of the railroads of the country for an increase
in freight rates. It postpones action as long as pos-
sible upon every request for a change in rate
schedules presented to it. This body apparently
learns nothing by experience.

This commission has been in existence now five
years. As to railroad rates, there is perhaps no
other body in the country that knows more. As a
matter of fact, the Interstate Commerce Commis-
sion does not have to conduct an investigation to
determine whether or not rail rates should be raised
or lowered. In this present case the only new in-
formation needed is that concerning the increase
in the cost of material and operation. Most any
clerk could estimate this in a day.

The Interstate Commerce Commission is open to
the charge of going through the form of lengthy
investigations and hearings of evidence solely for
the benefit of Congress. It is apparently afraid
that if it took any action based upon information
obtained in the hearing of a previous and identical
question, it would be criticised. In this way it is
failing to profit from experience and to increase
its efficiency as it goes along.

There is no sound reason for this practice. Know-
ing the situation thoroughly, the commission
should grant or deny the proposed rate increases.
Then business and the railroads may shape their
program for the future.

COMMENCEMENT DAY.

This is commencement week in the high schools
of Alameda county. Large classes will be gradu-
ated with the usual ceremonies. But will the pro-
grams be differently arranged and express a dif-
ferent spirit than those of past years?

A few days ago Secretary of the Interior Frank-
lin K. Lane, a graduate of the University of Cali-
fornia, made some suggestions about commence-
ment oratory. He didn't advise that the form be
changed, but he did go so far as to suggest subjects.
He thought of a lot of appropriate themes, some
three typewritten pages. Among them were
"Mobilization of the Nation's Industries and Re-
sources," "Belgium's Wrongs," "What Russia Did
for the United States in the Civil War," and "The
Debt of the United States to France."

It is to be hoped that the schools have adopted
some of Mr. Lane's suggestions or have realized, as
he does, that the present is an appropriate time for
the consideration of subjects of national service,
the nation's purposes, and the part young citizens
may play in their accomplishment.

The New York Times is hard pressed adequately
to express itself regarding the California legisla-
ture. Having lauded that body for its "didactic
irony in composing an 8000 and a 5000 word consti-
tutional amendment for the evident purpose of
making the voters understand the usual absurdity
of constitution-tinkering," it is at a loss to describe
the new law requiring that all hotel rooms shall
face the outside. It would be idle to make a solemn
commentary on the golden dream slapped upon the
statute book, says the Times, but "enough to say
that Rome, Athens and Palmyra in their palmyest
days never had a hotel all of whose rooms were
outside." The task before the Times would not be
so difficult if it realized that hotel architecture in
California is distinctly different from that of
ancient Rome, Athens and Palmyra. In this State
there are hundreds of hotels all of whose rooms face
the outside, a fashion in hotel-building that was
designed and proven by voluntary efforts, dictated
by considerations of common sense, comfort, health
and inexpensiveness. The new law will not be
retroactive and merely legalizes a style of hotel-
building which has been unanimously endorsed and
which ultimately may make itself known even in
New York.

AMERICAN LABOR STOOD STEADFAST.

(New York Sun)
Out of the trail of Franz von Rintelen and six others
for conspiracy to interfere with the manufacture of
munitions, American labor, organized and unorganized,
emerges with its reputation for integrity and patriotism
unshaken and undimmed.

To corrupt it the best efforts of a highly trained, un-
scrupulous and lavishly financed spy system were di-
rected. Wherever a knave could be bought, the price
was paid; wherever a fool could be deceived, the lies were
ingeniously brought forward; wherever a lack-wit
idealist could be used as a tool, the master hand was ex-
tended to guide his movements. For each there was re-
ward, ample and easily won, for the knave, bribe money,
for the fool, flattery, for the idealist, subtle cajolery. But
the plot was foiled by the honest, the good sense, the
inherent intelligence displayed by the overwhelming ma-
jority of the men in the ranks of labor and those they
had chosen to guard their interests.

Labor has sometimes been badly served by stupid or
crooked leaders. It has been put in false positions. It
has suffered from undue exploitation of its errors and the
turpitude of misrepresentative leaders. Perhaps this
led the Prussian conspirators and corruptionists to fail-
ure; they misread isolated incidents of rascality as typical,
and they built their hopes on misunderstanding fostered
by half knowledge.

Whatever the cause of their mistake, the answer their
advances evoked does honor to the men they sought to
lead astray. They found the workers and set them at
work. But the men they believed they could bring to dis-
honor were of another breed, not to be bought or de-
ceived.

We have seen the longshoremen withstand the tempta-
tions of German agents; we have now the official record
of the non-success of the propaganda carried on under
cover of Labor's Peace Council. There have been other
assaults, some brazen, some insidious, on the probity of
labor. Their failure has been practically complete de-
spite the skill with which they were conducted and the
fact that the workers themselves have been subjected to
the successive attacks it has been subjected to since
the war began, has maintained the same standards of
sincerity and honor of which it gave countless proofs be-
fore Germany discovered the depth of infamy to which a
government can sink.

NOTES and COMMENT

Not infrequently there appears an
account of a man who gives as an
excuse for crime that his little ones
were short of bread, but the Los An-
geles crook who snatched a purse and
laid it to the peculiar phase of the
moon has struck a new lead.

General Haig is said to be color
blind. That may account for it. All
foes look alike to him.

Some interesting facts are developed
by the war's restrictions. That one
which prohibits aliens residing or
going within a half-mile of national
defenses disclosed that Dr. Richter of
San Francisco had been in the coun-
try forty-one years and had not taken
out naturalization papers. That a man
should live here a lifetime and still
owe allegiance to another country is
not proof that he is more loyal to this
country than that.

The eruption of soldiers in the
downtown districts Saturday night did
not result in the sort of profit that
such occasions formerly did. The rule
that exorbitant drinks must not be
sold to men in uniform was very gen-
erally observed, and took a great deal
of hilarity out of the occasion.

The popular impression that the late
czar and zarina are to live in Eng-
land may be premature. It isn't quite
certain yet that they will live any-
where. The revolution in Russia is not
yet over.

The goat has come to figure in the
food scheme as well as in the joke.
And in the real food scheme as well
as in an allas. At an exposition held at
Pasadena by the California Milk
Goat Association the uses of goats' milk
were exemplified and sixty animals
were exhibited. Something new
in the way of expositions.

The State Board of Education has
gone on record as holding that the
pupil of any public school who in-
dulges in tobacco or liquor, either in
public or at home, is a demoralizing
influence to other pupils and is a fit
subject for suspension. The San Fran-
cisco Board of Education has ex-
pressed intent to act upon that view.
Something here for the youth of the
State to take account of.

Denver has a clearing house for
queer ideas. It is a place where all
who have thought of a new way to
save the country may get a hearing.
It may be regarded as a sort of safety
valve, for everybody who has a plan
of this kind is suffering intensely to
get it heard.

Lack of labor in the coal mines and
government inhibition of oil produc-
tion in this State are working toward
a possible fuel shortage, and the peo-
ple are duly warned to be economical
in this direction. War's demands and
exigencies work in many unusual di-
rections.

Another food supply is reported
from Seattle—that of whale meat.
This generally has been wasted after
the blubber has been stripped from
the carcass, but it is represented that
whale meat looks and tastes some-
thing like beef and is sold at 10 cents
a pound. If it tastes as good as it
reads, it should afford a substantial
increase to the food supply, at least in
ports which can be reached by those
who take whales.

If the allies will not seek reprisal
in kind for the utterly savage raid
upon peaceful communities and the
wholesale slaughter of women and
children in the last German raid, it will
be to the credit of a better civiliza-
tion. The time will come to even
things up when the "no reckoning is
here. Those who are responsible
should be held to the last account-
ability."

Solomonic observation from the
Redding Courier-Free Press: "If you
knew yourself as well as you do your
neighbor probably you would dislike
yourself more than you do your
neighbor."

Instead of promoting big convoca-
tions with special rates for long trips,
the railroads will discourage them.
The lines are to be kept as clear as
possible for the national business, to
enable the country to profit by all the
efficiency possible.

There is a good prospect that the
war's emergencies will do one thing
for women—emancipate those who
work in factories and fields from
skirts. And the emancipation will ex-
pand as soon as it is established that
women in trousers are not transgres-
sors of the law or objects of curiosity.

There is nothing more becoming
than diffidence. Editor Taylor, who
has just been elected mayor of Santa
Cruz, says in his newspaper, "I con-
gratulate the people of Santa Cruz.
Unto you this day is born new hope."

TAKE THE LOAN

By Edward Everett Hale.
(Written in May, 1861, at the out-
break of the Civil war.)

Come, freemen of the land,
Come meet the great demand,
True heart and open hand,
Take the loan!
For the hopes the prophets saw,
For the swords your brothers draw,
For liberty and law,
Take the loan!

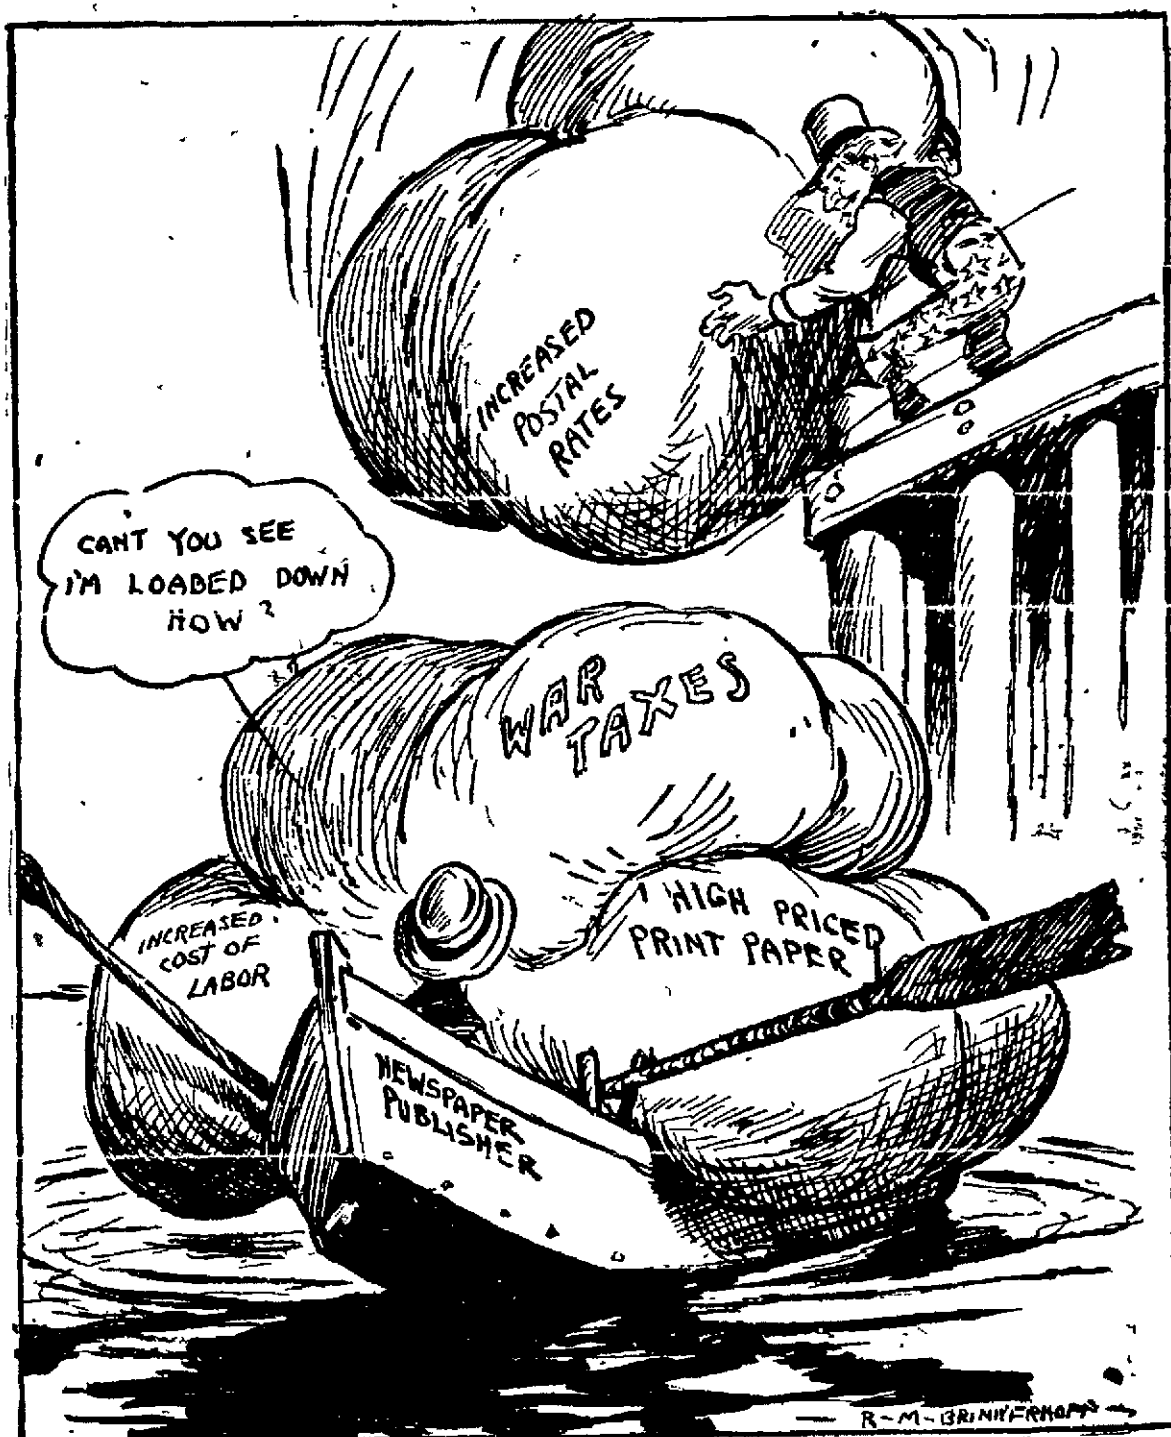

O ye ladies of the land,
As ye love the gallant band,
Who have drawn the soldier's brand,
Take the loan!
Who would bring them what she
could,
Who would give the soldier food,
Who would staunch her brother's
blood,
Take the loan!

All who saw her hosts pass by,
All who joined the parting cry,
When he bade them do or die,
Take the loan!
As ye wished their triumph then,
As ye hope to meet again,
And to meet their gaze like men,
Take the loan!

Who could press the great appeal
Of our ranks of serried steel
Put your shoulders to the wheel
Take the loan!

That our prayers in truth may rise,
Which we press with streaming eyes,
On the Lord of earth and skies,
Take the loan!

LOOK OUT BELOW!

SPIRIT OF THE STATE PRESS

A development of municipal ethics
may be one of the things the future
has in store, for not long ago a large
mid-Western manufacturing company
in an effort to bring its discontented
employees to terms, threatened to re-
move its plant to another town. The
latter, however, through its press and
various other mediums, let the com-
pany in a very polite way know that
it did not care to profit by the troubles
of its neighboring city. The next time
the Southern Pacific threatens to cut
San Jose off its main line it "must
look before it leaps"—San Jose
Mercury.

Women are "doing their bit" on the
Santa Clara county farms. An auto-
mobile ride through the orchards,
where irrigating is going on full force,
assisting their husbands with shovels
—San Jose Mercury.

MILITIAMEN WILL QUELL RACE RIOTS

BY INTERNATIONAL NEWS SERVICE
LEARNED WIRE TO TRIBUNE
SPRINGFIELD, Ill., May 29.—Governor Lowden this morning ordered six companies of national guard to East St. Louis to guard against further outbreaks of the race riots which occurred there last night.

The companies are: Companies I, Vandall, B. Newton, L. Olney, E. Benton, and E. Carbondale, all of the Fourth Regiment, and Troop D, First Cavalry, Springfield, which will go unmounted.

BY ASSOCIATED PRESS
LEARNED WIRE TO TRIBUNE
EAST ST. LOUIS, Ill., May 29.—With two companies of national guardsmen patrolling the streets, quiet was restored in this city today after last night's rioting caused by attacks of a mob upon negroes. Many negroes were beaten. The trouble was caused, it is said, by the importation of negro laborers.

Mayor Molman today said six thousand negroes had come into East St. Louis in the last six weeks and he said he would ask railroads to discontinue hauling negroes here from the south. Negroes, it is declared here, are mobilizing to resist another attack.

Hundreds of negroes were driven across the Mississippi river into St. Louis this morning when a mob estimated at from 2500 to 3000 started to attack negroes in the streets following a meeting in the City Council, which was visited by members of the Central Trades and Labor Union to ask that importation of the negro laborers cease and on receiving word that two white men had been held up by negroes, further rioting is feared and guards are today on the lookout for trouble.

Shots were fired at frequent intervals, but only one negro has been reported wounded in this manner.

William Taylor fled to St. Louis and was found there unconscious with a bullet wound in his head and three ribs fractured.

MOB DISPERSES.

The mob dispersed shortly after 2 o'clock.

Dozens of negroes were beaten, but not more than twenty were hurt seriously, it was estimated. All blacks were searched, and if armed they were punished by being thrown into the river.

Many negroes were given a refuge in jail. About midnight a large crowd surrounded the building and threatened to storm it.

Dispersed, however, and rushed into the business section, where street cars were stopped and saloons searched. Several negro saloons were wrecked and Mayor Molman issued an order for all bars in the city to shut down.

Riot calls brought out the entire city police force, but the mob went virtually unchecked. The Sixth Illinois Infantry was called and put under arms but took no active part in the disturbance.

Many workmen here have been idle on account of strikes, and it is estimated that at least 6000 negroes have been imported from the South to take their places. The influx has been going on since January 1, but has been especially heavy during the last six weeks.

At 3 o'clock the city appeared quiet. Officials were frank, however, in saying that they feared another outbreak, especially if any negroes started to work in plants where strikes have been called.

GOVERNOR PUZZLED.
SPRINGFIELD, Ill., May 29.—Admiral-General Dickson early this morning received a telephone message from Mayor Molman at East St. Louis saying that the mob which

Oakland Will Unite With East Bay Cities Memorial Day

War Veterans to Hold One of Biggest Programs in History

Oakland and other east bay communities will unite tomorrow in one of the biggest Memorial Day programs in its history, when members of Lyon, Appomattox, Lookout Mountain and Admiral D. D. Porter posts of the Grand Army of the Republic, the Women's Relief Corps, Ladies of the G. A. R. and United Spanish War Veterans, will participate in patriotic and commemorative observances during both morning and afternoon.

The main services of the day will take place in Mountain View and Evergreen cemeteries. At the first-named place a stirring patriotic program has been arranged. Dr. J. C. Stout, post commander of the Admiral D. D. Porter post will be president of the day, with Colonel Tom Reed of Lookout Mountain post as grand marshal. At Evergreen cemetery W. W. Donham, patriarchal instructor of Lyon Post, will officiate as president of the day.

Much of the hilarity which has heretofore characterized the Memorial Day observances will be eliminated this year through the deeper realization of the day's meaning. The fact that many American youths whose fathers lie in burying grounds of the Civil war all over the country are about to follow in the footsteps of their sires and take up arms in defense of their country has caused a spirit of devotion, patriotism and reverence of the day to spring up. The addresses of the various speakers are to be reflective, for the most part, of these conditions.

Memorial Day services will start with revivals, concerts of sacred music by high school bands and orchestras, raising of flags by various Grand Army posts, addresses by

Women on "Jury" Are Urged Labor Leaders Cannot Agree

Not only is the plan, originated by the Central Labor Council of Oakland, for a silent jury of labor representatives to hear the testimony in the trial of Mrs. Rena Mooney meeting with the opposition of prominent attorneys and with coolness on the part of the labor leaders of San Francisco, but a new angle to the scheme has been presented. This would provide for both women and men on the jury.

The amendment was discussed last Sunday at the picnic of the International Ladies League at East Shore Park and was heartily endorsed by that organization. Inasmuch as this is a case of a woman being on trial for her life it was judged highly appropriate that half of this unofficial jury should be women.

William Spooner, secretary of the Central Labor Council, did not welcome the suggestion. "The question of having women on the jury has not been suggested to us," he said this morning, "and I can reason why a jury of men cannot fulfill all the needs of the case."

"The objections made by attorneys to the effect that this silent jury would make for the intimidation of the regular jury and would be a dangerous innovation are foolish. We are not trying to defeat the ends of justice in any way. The labor jury will have no influence whatever upon the regular jury. It will pass no remarks with any one during the trial and it will deliver its verdict to labor."

"The jurors, whose names will be announced in a few days, have been selected from the leading labor council."

had started out to clean the town of negroes was uncontrollable and that troops were needed. General Dickson said that as the National Guard had been federalized they could not be called out on such a call and that the exact status of the situation would be looked up immediately.

SPY BILL FILED
WASHINGTON, May 29.—The administration espionage bill as finally agreed upon by House and Senate conferees and including the newspaper censorship and export embargo sections, was presented for final passage today in both houses of Congress, but action was deferred until later.

RED CROSS GROWS
CHICAGO, May 29.—The membership of the Red Cross in Chicago is near the 300,000 mark, the reports of yesterday's campaign bringing the grand total for the city to 285,708, with a number of clubs, firms and societies unreported. It is hoped to have 500,000 members in the city by the end of the week.

TENT CITIES ARE IN WAKE OF CYCLONES

BY UNITED PRESS
LEARNED WIRE TO TRIBUNE

CHICAGO, May 29.—The scars inflicted by the three day cyclonic disturbance in the middle west and south were already healing today.

Tent colonies had sprung up to house temporarily the thousands of homeless, while wreckage was being cleared away rapidly in preparation for rebuilding the wrecked village and cities in eight states.

Revised figures and the death of several of the injured have placed the total casualties at 291 dead and 1,347 injured.

State, county and city officials, civilians and Red Cross are co-operating in relief work. The Illinois legislature today was expected to appropriate \$750,000 for sufferers in this state. The Red Cross was expected to donate about \$400,000 more. Similar funds were to be raised in other states, according to the losses in life and property.

No accurate estimates of property loss have yet been compiled. The damage in Illinois alone was believed to be around \$2,000,000. In all the other states affected it would probably reach about \$2,000,000.

Kentucky, with a death list of 120 persons bore the brunt of the tornado which swept through six states, according to revised figures today. The fatalities totaled 344. Illinois today reported 84 deaths, Kansas 25, Tennessee 41, Alabama 46, Arkansas 10 and Indiana 7.

MATTOON, Ill., May 29.—Mattoon and Charleston today buried many of the victims of Saturday's tornado. In addition to listing the dead, aggregating thirty-four in Charleston and fifty-four in Mattoon, the number of orphans and widows and others whose circumstances warrant relief, are being compiled by the Red Cross. Plans for the reconstruction of hundreds of homes destroyed by the storm are already under way.

PADUCAH, Ky., May 29.—The death list in the four counties swept by Sunday's storm will probably exceed seventy, according to reports received today. The work of reconstruction is going forward under direction of the state officials.

PATROLMAN IN ESCAPADE; SUSPENDED

BY ASSOCIATED PRESS
LEARNED WIRE TO TRIBUNE

Patrolman Milton Emigh, who last night "shot-up" the Bank saloon at 420 Fifteenth street, the bullet narrowly missing the head of a Japanese employee who was at work preparing free lunch behind a partition, was today indefinitely suspended from the police department by Chief of Police Walter J. Petersen, who stated that Emigh must either resign immediately or charges will be preferred to remove him from office.

According to the report made to Chief Petersen Patrolman Emigh entered the saloon in an intoxicated condition, pointed to a couple of pictures on the wall and, drawing his revolver, declared that he was going to "shoot a hole through one of them."

J. G. Herr, one of the proprietors, did not take the threat seriously until there was a loud report, which scattered the crowd at the bar and resulted in a stampede for the street.

Without further comment, the report says, Emigh pocketed his revolver and left the saloon, entering his automobile and going home. He was not on duty at the time of the shooting affray, his shift commencing at midnight.

"This is one of the things that we cannot stand in the police department," said Chief Petersen today. "I regret the circumstances, but there is no alternative but that Patrolman Emigh must sever his connections with the department. This is not the first time that he has been in trouble of this kind. The discipline of the department must be maintained."

"Either Emigh will resign or I shall prefer charges demanding his removal by Commissioner Jackson." Patrolman Emigh has been on the police force for more than ten years. He was assigned as wagon officer.

GAMBLE ON FOOD

CHICAGO, May 29.—Grain gamblers driven out of the board of trade by restrictive trading rules, have broken into the produce game and are staking their chips on butter, eggs and cheese, it was declared today.

Butter jumped two cents to 43 cents a pound today after a rise of one cent last week. Eggs are materially lower than they were a week ago, but gained half a cent today, selling at 33 1/2 cents a dozen.

MILITARY AND CIVIL HONORS FOR SENATOR

PORTLAND, Ore., May 29.—Military and civil honors were to be paid here today at the funeral of United States Senator Harry Lane of Oregon, who died in San Francisco May 28.

Thirteen senators and representatives arrived from Washington today to represent Congress, and plans have been made to have the Oregon National Guard provide an escort of 700 men, similar to that accorded a brigadier-general. Funeral services were to be held at 3:30 p. m. in the Masonic Temple.

Members of the congressional party named as pall bearers are Senators H. F. Ashurst, Arizona; W. H. King, Utah; George Norris, Nebraska; A. J. Grona, North Dakota; and Representatives Albert Johnson, Washington; J. V. McClintock, Oklahoma; Charles Kearns, Ohio and James H. Mays, Utah.

WHAT IS DOING TONIGHT

Civil Service Board meets, City Hall, Merchants' Exchange meets. Allendale Central Improvement Club meets, Mutual Hall.

St. Columba's Church whist party and dance at Klunkner's hall. "America," Auditorium.

Fox Club dance, College and Lawton. Oakland College of Medicine and Surgery graduation exercises, college. Electrical men's smoker, Hotel Oakland.

Midnight Parlor, Native Daughters, give benefit theater party, Pantages. "Ladies' Night," Oakland Lodge of Moose. Reception to A. C. Barker, Ebell Hall.

Orpheum—Somebody's Laugage. Pantages—Texas Round-up. Bishop—It Pays to Advertise. Columbia—Will King in Going Up. Broadway—The Garden Party. T. & D.—Mary Miles Minter in Environment. Kinema—Virginia Pearson in a Royal Romance. Franklin—Enid Bennett in Happiness. Idora Park—Inland Beach. Neptune Beach—Surf swimming.

WHAT IS DOING TOMORROW

Art exhibit, Auditorium. Memorial day service, Mountain View, morning; Evergreen, afternoon. Alameda Music Teachers' Association holds memorial services on bay. Caledonian Club holds outing, Idora Park. Hayward Veterans' League, holds memorial services, Lone Tree Cemetery. Central California Luther League convention, Auditorium. Municipal Band gives concert, Trestle Glen, 2 p. m.

'AMERICA' TO BE OFFERED BY CHORUS

"America," historic, patriotic

choral-pageant, will be presented in the Municipal Auditorium tonight. A final rehearsal of the cast of the 750 participants was held last night.

Keen interest has been manifested in the spectacle and a big audience is assured.

"America" marks an epoch in Alameda county musical history. It is something new in the musical world. The Alameda county chorus of 300 voices will take the place of the customary orchestra.

Arranged in three periods, "America" presents the stirring events of the nation's history, embracing the days of Washington, Lincoln and Wilson, in stage picture and song.

With the exception of a few rows of reserved seats, the entire floor of the Auditorium will be used in the production.

Co-operating in the cast are groups representing the French, English, Italian, Japanese, Chinese, Rumanian, Belgian, Scotch and Russian foreign societies. Each of these nations will be represented on the floor of the Auditorium.

Then there will be soldiers and sailors, Red Cross nurses, gray-haired veterans of the Grand Army of the Republic, Ladies of the G. A. R. and the Women's Relief Corps, ambulance corps, doctors, farmers—all forming the background for America's noblest patriotic songs as sung by the chorus.

The final pageant, "The Allies," will take in the entire cast of 750 people and the audience who will join in singing "The Star Spangled Banner." The performance will begin at 8:15 p. m.

GIRL SOUGHT HERE

Annie Stein, a 17-year-old girl who disappeared from her home at 168 Broad street, San Francisco, ten days ago, is being sought in Oakland by the police today upon request of her mother, Mrs. M. Stein. The mother informed the police that she believed her daughter had eloped with a man named J. Williams and that they are now living in Oakland.

David J. Davis, a photographer, is under arrest today on charges preferred by Irene Wright, a former 17-year-old Oakland girl now living in Burlingame, who alleges that he failed to keep his promise to marry her. The charge is statutory.

WATCH!

Wear One Pair of
Glasses Instead of Two
There is no reason now why people who require and are wearing different glasses for reading and distance should not do away with one pair. By the perfecting of a new process in lens making—reading and distance glasses are combined in one pair and are actually ground from a single piece of optical glass. All of the disadvantages of the old-style double vision glasses have been entirely eliminated in the "Calitex." One-piece bifocals which represent the newest and best bifocals now being made. In appearance "Calitex" are the same as regular glasses and are far superior to any other style double vision lenses. Ground at the three establishments of the California Optical Co., 1221 Broadway, Oakland; 181 Post St. and 2508 Mission St., San Francisco.—Advt.

"Fun for Everybody"
TRIBUNE DAY at IDORA
Wednesday, June 6

Again—America for Liberty!

THE Declaration of Independence was America's first great strike for Liberty. Americans have ever been loyal to this initial pledge. Now comes the call for America to again enlist in the battle for freedom—the freedom of humanity.

The Government has given you the privilege of "rendering invaluable service to the Nation" through a subscription to

The Liberty Loan of 2000 Million Dollars

These convertible U. S. Government bonds may be bought from this bank in denominations of \$50 and \$100 upon a payment plan of as low as \$2 each week. Larger bonds may be purchased for cash, or special arrangements for payments may be made upon application. This service is given without profit to the bank—it is part of our contribution to the Nation.

The wealth of the world's richest Nation is security for Liberty bonds. Whether considered from the standpoint of patriotism or security there is no better investment for your money.

Buy your bond today

Time is passing—do not delay. It is your imperative duty to buy as you are able. Act—AT ONCE.

COUNTIES TO COPY LOCAL WAR LEAGUE

Leagues similar to the Alameda county war emergency organization, of recent formation, will be organized within the near future in every county in California to supervise the patriotic work of women's organizations and to prevent the over-lapping of the efforts of different bodies along this line.

This decision is the outcome of a meeting of more than a score of prominent California women held yesterday in San Francisco under the joint auspices of the national council of defense and the California state council of defense and with the approval of Governor Stephens, who sent a telegram tendering the co-operation of the state as well as any other aid that might be rendered. Among the organizations represented by delegates were the Collegiate Alumnae, the Daughters of the American Revolution and the Woman's Christian Temperance Union.

Mrs. Frank A. Gibson of Los Angeles, sociological worker and representative of the national council of defense in women's patriotic work in this state, presided. Others contributing to the discussion were Miss Ethel Moore, president of the Oakland playground commission and trustee of Mills College; Dr. Margaret Schallenberg McNaught, commissioner of California elementary schools; Mrs. Harry A. Cable, newly chosen president of the California Federation of Women's Clubs, and a score more.

In addition to forming a women's organization that will exercise supervision over patriotic work, the meeting was for the purpose of mapping out activities in more than a score of fields in preparedness week for which women are particularly fitted. Among these activities are food conservation and protection of waste, protection of women workers, welfare and children, training classes and kindred subjects. The county organizations will receive the instructions of the national council of defense and will advise co-ordinating bodies as to which lines of endeavor they should concentrate upon.

San Francisco will form its county organization for war emergency tomorrow, with San Mateo following in a similar movement next week.

Mary Pickford in "A Romance of the Redwoods"

MARY PICKFORD.

Popular Screen Actress to Be Seen
in Charming New Role at
T. & D. Theatre.

A new Mary Pickford will be introduced to patrons of high class photo plays on Wednesday, Decoration Day, when "A Romance of the Redwoods" makes its initial public appearance at the New T. & D. theatre, Eleventh, at Broadway. Although Miss Pickford has been seen in parts that demand much of her histrionic talent, she has never been in a role that exacts such wonderful dramatic display as the character she portrays in this latest release.

That Miss Pickford is equipped with more than individual charm and personality is most effectively evidenced in this production. In "A Romance of the Redwoods" Miss Pickford portrays an entirely different part than what she has attempted before, which discloses her as an actress of the drama, second to none. Not even her famous curls are seen in this picture.

Undoubtedly her greatest effort, this photo play will create a new Mary Pickford of the screen and show that the wonderful popularity of "Little Mary" is well deserved.

The same Wednesday to Saturday program, the greatest of comedians—Max Linder in "Max Comes Across"—and a Pathe Weekly News Service complete one of the strongest combination feature bills ever seen at this palace of amusement.

CALEDONIANS TO HOLD BIG PICNIC

The fifty-second annual games and outing of the Caledonian Club will be held at Idora Park tomorrow. A program of track and field contests to be run off on the newly constructed stadium, dances and a bagpipe competition has been arranged. Scots from all parts of California will attend the frolic.

Caledonia Day is a red-letter day on the calendar of the Scottish folk. The Highland fling, the Reel O'Tulloch, the Sword dance, the Sailors' Hornpipe, Irish reels and jigs, are among the dances to be presented by laos and ladies, grownups and children.

All the dancers will be in Highland costume. The athletic events are to be staged under the sanction and direction of the P. A. A.

GIRL BECOMES "REBEL" DURING ANTHEM SINGING

LOS ANGELES, May 29.—An "unreconstructed rebel" girl has presented a problem to the San Pedro school authorities. Mary Belle Neathary, 16, steadfastly refuses to rise with her high school class in the daily singing of the "Star-Spangled Banner." Mary Belle is, in the words of her teachers, a "crackerjack student," being high in her studies and punctuality and authorities are loathe to take action against her for her apparent lack of patriotism. The reason is explained by her mother, formerly of the South:

"You know my folks never surrendered to that flag and there is no reason why my girl should pay homage to it," says Mrs. Neathary.

TALENTED YOUNG ARTIST TO PLAY

Wilhelmina Brown, a talented young violinist of San Leandro, who is a graduate of the elementary schools of that city will be presented by her teacher, Alexander Stewart, in a recital on Friday afternoon at 3:30 o'clock in Maple Hall.

Miss Mildred Herman, pianist and pupil of Frederick Biggs, and Miss Anna Lee Perdue, soprano and pupil of Mrs. M. E. Blanchard, will assist in the following program:

Seventh Concerto, two movements (De Beriot), "To a Water Lily" (MacDowell), Arabesque en forme d'étude (Leschetizky), Legende (John W. Metcalf) Souvenir (Ludwig), Minute Waltz (Chopin-Powell), "A Memory" (Edna Parks), "June Morning" (Charles Willberg), "Her Rose" (Coombs), Scenes from an Imaginary Ballet (Coleridge-Taylor), Liebestraus (Kreutzer), Serenade Espagnole (Chaminade-Kreutzer).

Show your true American spirit

Buy a Liberty Bond

Now is the time to put your shoulder to the wheel and back your country—the country that has given you everything you possess. Get behind the flag.

Your country needs your aid

The Jackson Furniture Company has been authorized by the Central National Bank to accept subscriptions for the Liberty Bonds on an easy payment plan.

CARUSO SONG IS RECORD HEADLINE

Enrico Caruso in a sympathetic rendition of the "Air de Lienski," from Tschalkovsky's "Eugen Onegin," heads the list of the new Victor records for the week.

The quality of the song is admirably portrayed by the tenor with the golden voice. In the opposite mood is the rollicking garrulity of "Largo al Facotum," as sung by Giuseppe De Luca, with its infectious humor.

Frances Alda contributes a charming reading of Carrie Jacobs Bond's "I Love You Truly," and Julia Culp is heard in "Auf Wiedersehen," a dainty waltz song from the popular Viennese opera, "The Blue Paradise." Amelia Galli-Curci, the soprano who is carrying the East by storm, offers Grieg's "Solveig's Song," in French. Alma Gluck is heard in two duet numbers—one with her husband-violinist Limbalist, "Der Spielman," and one with Louise Homer, "Hear Me, Norma," from Bellini's opera.

John McCormack, the Irish tenor, who is soon to become an American by naturalization as well as by popular acclaim, sings the Star-Spangled Banner with incomparable bravura and contributes two other records, "Eileen Alanna" and "Ireland, My Ireland," from Victor Herbert's latest opera, "Eileen." The remaining Red Seal records for the month are: Mettelto, from Mozart's quartet in D minor by the Mischa Elman string quartet, a duet from "William Tell," by Giovanni Martinelli and Marcel Journet and "The Old Black Mare" by Herbert Witherspoon.

There are forty records in all in the June issue and twenty-seven of them are double. They range from selections from Goldmark's "Rustic Wedding" symphony to "Mr. Butterfly," one of the latest of popular songs. An unusual feature this month is the recitation of two of James Whitcomb Riley's poems for children by Sally Hamlin, a talented Brooklyn high school girl of 14.

P L A N M E M O R I A L

Funds for the erection of a memorial library to Jack London at Glen Ellen are to be raised at an entertainment to be given Sunday afternoon at 2 o'clock on the London ranch. Under the direction of Mrs. Richard Rees of San Francisco, a musical fantasy, "Around the World in Song" will be given by the Rees Vocal Club of eighteen voices. Souvenir badges will be given to those purchasing tickets for the event.

A round-trip excursion to the Valley of the Moon will be arranged by the Northwestern Pacific railroad, and for those who prefer motoring, an automobile excursion is being planned by way of Sausalito or the Point Richmond ferry.

FOR FINAL DANCE

Members of the Onesta Club will enjoy their final dance of the season on Friday evening in A. O. F. hall, on University avenue. Activities of the organization are to be adjourned for the summer months while the majority of the members are absent on vacations. Mary Gwerder is among those who will form the entertainment committee at this final festivity.

LOGAN TO SPEAK

James Logan, president of the United States Envelope Company and former mayor of Worcester, Mass., will address the Men's League of the First Congregational church on Thursday evening in the chapel at Twelfth and Clay streets. "The Human Element in Industry" will be subject of the address and the speaker is one well qualified to discuss this topic.

APPROVE PREMIER

PEKING, China, May 29.—The Chinese senate today approved the nomination of Li Ching-Hsi as premier in succession to Tuan Chi Jui, who was dismissed by the President. The vote was 365 to 31. The Chinese House of Representatives approved the nomination of Li Ching Hsi Sunday.

ITALIAN FINANCES BETTERED BY WAR

WASHINGTON, May 29. — "Italy will have on July 15, the close of her fiscal year, a surplus of \$300,000,000 more than she had when she entered the war."

This statement was made today by Signor Francesco Nitti, Italian deputy and member of the Italian mission.

"Italy has accomplished this," Signor Nitti said, "by the use of little public money. However, Italy needs to establish a foreign credit of \$800,000,000 to finance her foreign trade and reduce the high price of Italian exchange. This we hope to accomplish through loans already made with the United States and through loans which we may arrange in the future."

NIETO TO SPEAK

Rev. Dr. Jacob Nieto of San Francisco will deliver the fourth of a series of lectures on Jewish History he is giving under the auspices of the Oakland Zion Society, Thursday, 8:30 p. m., at Golden West Hall, Pacific building, Sixteenth and Jefferson streets.

THIS WILL MAKE MILLIONS HAPPY

Any Corn Will Dry Up and Lift Out, Says a Cincinnati Authority.

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this authority.

He says that a few drops of a drug called freezezone, applied directly upon a tender, aching corn, instantly relieves soreness and soon the entire corn, root and all, lifts out without pain.

This drug is sticky but dries at once and is said to simply shrivel up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.—Advertisement.
